Egypt Blasts U.S., But Says Peace Talks To Continue

By THE ASSOCIATED PRESS

Egypt says the United States is blocking the Middle East peace talks by backing Israel but that Cairo will not let Palestinian hijackers "jeopardize the peace-seeking efforts of the Arabs."

Egyptian Foreign Minister Mahmoud Riad said in Cairo Monday that America's support of Israeli charges of Egyptian cease-fire violations is to blame for the current "political standstill" in the Middle East. He added that the charges were "baseless."

Israel issued its 14th complaint Monday that Egypt has violated the U.S.-sponsored agreement by moving Egyptian-manned SAM2 antiaircraft missiles and Russian-manned SAM3 missiles closer to the Suez Canal.

Riad also reiterated Egypt's charge that Washington has broken a promise to withhold Phantom jets and other arms from Israel during the cease-fire. American officials have denied there was any such promise and have maintained that the United States has a publicly declared obligation to maintain the Middle East arms balance by counteracting the flow of Soviet arms to Egypt.

Cairo Radio said Monday that "Egypt will not allow a Palestinian maverick group to jeopardize the peace-seeking efforts of the Arabs and justify Israel's demand for additional arms to be used against the Arabs."

The Popular Front for the Liberation of Palestine is holding hostages from three hijacked airliners.

Riad's office said he had postponed a visit to the United States. He had been scheduled to lead Egypt's delegation to the U.N. General Assembly's 25th anniversary session, which opens today. No explanation was given for the change. U.S. Secretary of State William P. Rogers was also scheduled to attend the opening session, but postponed his arrival until the weekend because of Middle East developments, and the talks between Nixon and Mrs. Meir, the State Department said.

Call For Peace In Middle East

U Thant Wants U.S., Soviet Action

UNITED NATIONS, N.Y. (AP) — Secretary-General U Thant—opened the 25th session of the U.N. General Assembly today with a call for joint U.S.-Soviet action to end the Middle East conflict.

The appeal was in Thant's annual report to the assembly, released in advance of today's opening session.

The secretary-general also proposed in a speech before the U.N. Association of the United States Monday night that a new international tribunal be established to try airline hijackers and that all governments agree to turn over to it all persons accused of hijacking.

In both his annual report and in his speech, Thant said he hoped that leaders of countries attending the 25th anniversary session would hold private talks on the Middle East and on steps to strengthen the United Nations.

He added that he had urged leaders of the big powers to meet from time to time "to initiate a change from confrontation and division to the building of a safe and peaceful world."

Thant said the 10-day commemorative session in mid-October would bring together the largest gathering of top government leaders in history.

"It is my hope that they would consider ways and means of strengthening the United Nations and promoting its authority and effectiveness," he said. "I would also hope that member states may give special consideration to re-establishing the financial solvency of the organization."

Today's opening meeting of the three-month session was expected to be devoted to the election of Norwegian Ambassador Edvard Hambro as president. The veteran diplomat is unopposed.

Thant's proposal for a special international tribunal goes much further than previous suggestions that hijackers be tried by the governments of the countries that seize them. He acknowledged that his solution would mean a surrender of some national sovereignty but said he believed there was no other choice.

Milland's Son Under Arrest

SALT LAKE CITY (AP) — The son of actor Ray Milland has been charged with possession of heroin.

Police said Daniel David Milland, 30, was charged after officers found four bags of a substance identified as the narcotic in his motel room.

Milland posted $500 bond and was released pending further court action.

In Los Angeles, actor Milland said, "I know nothing about it . . . I'd rather not talk about it." He said he did not know where his son lived and hadn't seen him for six or seven months.

COME Blow Your Horn . . . This might be a campaign slogan adopted by Terry Hull in his efforts to organize the Davis Demons Drum and Bugle Corps . . . A meeting is scheduled 7:30 p.m. this evening in the main shelter house at Ted Lewis Park for those interested and emphasis is being placed on buglers However, anyone interested in color guardsmen or drummers are also urged to attend . . . Instruments and uniforms will be furnished, but buglers are asked to bring their own mouthpieces . . . Tentative plans call for a first public performance at Pumpkin Show . . . Music will also be available for a practice session tonight.

PLANNING to build a home, business or farm building? Thinking about tearing up the backyard to make a garden or flower bed? Think you have the ideal spot for a new recreational area? Teaching science classes this year?

If the answer is yes to any of these questions, plan now to participate in the outdoor lab tour for professional information on types of soils scheduled to begin 3:30 p.m. Wednesday at A. W. Marion State Park . . . The tour will be conducted by soil specialists from Ohio State University, the Ohio Department of Natural Resources and Soil Conservation Service . . . It is sponsored by the Agri-Business Committee of the Circleville Area Chamber of Commerce . . .

And after the tour enjoy a picnic by the lake . . . Menu includes two barbecued pork chops, baked beans and potato chips, rolls, iced tea and watermelon and will be prepared by the Pickaway County Pork Council . . .

The tours are free, but the picnic will cost a little.

Nixon Wants Big Foreign Aid Overhaul

WASHINGTON (AP) — President Nixon scheduled a message for Congress today, seeking a massive overhaul of the increasingly troubled U.S. foreign aid program.

The new-look aid setup of the future, as envisioned in Nixon's blueprint, would dismantle the Agency for International Development—AID—system of the 1960s and stress international development institutions as a means of sending economic help abroad. No cost figure was expected.

The aim of the presidential message at this time, aides said, is to give Congress ideas for legislation to be acted on next year.

Nixon already has sent the executive branch's regular global aid request to Congress for this fiscal year, and as usual it is in deep difficulty. The House chopped a half-billion dollars off the $2.15 billion program. The Senate has yet to act.

Still other administration aid requests may be in the offing. Secretary of State William P. Rogers has indicated large-scale economic help may be sought for Israel. Officials also are considering further assistance for South Vietnam and a program for Cambodia.

The administration has made plain, however, that the Nixon doctrine of U.S. military pullbacks from Asia envisions continued sizable American economic help until the Asian lands affected can stand on their own.

And the Peterson report—the main source of Nixon's new recommendations—calls for a reversal of the downward trend in economic development assistance that has marked the U.S. program in recent years. Such aid should be separated from military and security assistance, the report said.

Nixon has broadly endorsed the study issued last March by his foreign aid task force under former Bank of America President Rudolph A. Peterson. The study emphasized self-help and use of private enterprise and international institutions.

Bank Drops Prime Rate Half Per Cent

PHILADELPHIA (AP) — The First Pennsylvania Banking and Trust Co., the nation's oldest bank, has cut its prime interest rate by one-half point.

By doing so it became the first big American bank to adopt a 7½ per cent interest charge on loans to blue chip borrowers during 1970.

The reduction is effective today. The move drew widespread attention in the financial community but no other banks followed suit immediately.

Two years ago, First Pennsylvania, the city's largest bank, was the first to drop its prime rate to 6½ per cent. Other banks followed suit two weeks later.

The prime rate is the interest a bank charges large corporate customers. Many economists have said a prime-rate reduction would stimulate the economy and create new jobs.

When the move was announced Monday, many stock prices spurted ahead. When other banks did not follow suit, prices dropped again, and closed below the opening prices.

Eye Race Quota In U.S. Housing

WASHINGTON (AP) — The Nixon administration, faced with the continued division of the nation's housing along racial lines, is considering adoption of a quota-like system of standards for federally aided housing.

The standards or goals would be designed to discourage creation of further all-white or all-black developments built with or insured by federal funds.

"You would say to a developer, . . . 'Whatever you do, it isn't going to be all white or all black'," said one official in explaining the approach under study. " 'Unless you come up with that, it's no deal'."

The approach, under discussion in the upper levels of the Department of Housing and Urban Development, would be similar to that taken by the Labor Department in its Philadelphia Plan for increased minority employment in the building trades.

Despite passage of a national open housing law, Negroes comprised no more than 5 per cent of the U.S. suburban population in 1969—the same percentage as in 1960.

At the same time, there has been a mass movement of both industry and whites into the suburbs—an exodus that has deepened the social and economic isolation of Negroes left behind in the central city.

HUD officials, including Secretary George Romney, have long acknowledged that past HUD and Federal Housing Administration policies helped create the situation, which Romney has described as "the most sensitive and explosive domestic problem of our time."

The compliance standards un-

KSU Jury To Hear Testimony

RAVENNA, Ohio (AP) — A special state grand jury convened to investigate disorders which culminated in the deaths of four Kent State University students last May begins today hearing testimony from a long list of witnesses.

Attorney Robert L. Balyeat, of Lima, who is directing the grand jury's work, says the investigation ordered by Gov. James A. Rhodes will take about four weeks.

Balyeat, a former Allen County prosecutor, took a 12-man, three-woman jury onto the Kent State campus Monday to visit "blanket hill" where Ohio National Guardsmen opened fire May 4 on a group of rock-throwing student demonstrators.

Four students died and 10 were wounded in the confrontation.

The jurors inspected a modernistic iron sculpture which was pierced by a bullet and saw the now grassed over site of an ROTC building that was burned down the night of May 2.

Accompanying the jury on its campus tour were Ohio Atty. Gen. Paul Brown and two attorneys named to assist Balyeat, Seabury Ford of Ravenna and Perry Dickinson of Rootstown.

Brown, who named Balyeat to conduct the investigation, said he would look in on the proceedings from time to time, but made it clear that Balyeat is running the show.

The jury, composed predominantly of middle-aged Portage County residents, will conduct its sessions in the county courthouse in Ravenna, west of Kent.

The jury foreman is Robert Hastings, 50, a Ravenna insurance man.

CHILD'S PLAY — These youngsters, held as hostages aboard one of the hijacked jetliners at a military airstrip near Amman, Jordan, enjoy playing with toy airplanes after their release. Shown at the Intercontinental Hotel in Amman are Eric (far left) and Phillip Joseph (far right), Hartford, Conn.; Gabrella Stauble (next to Eric) from New South Wales; and Suzie and Bernie Smug, Rochester, N.Y.

U.S. Rebukes Arabs For Holding Hostages

WASHINGTON (AP) — The Whie House has decried "the holding of hostages by any nation or group" in a rebuke apparently aimed at Israel as well as the Palestinian guerrillas.

Meanwhile, Monday, the government rejected the commandos' claim that they had reason to regard their remaining hijack prisoners as Israelis, even though several may hold citizenship papers elsewhere.

The State Department said as many as 38 Americans could be among the group, thought to number around 55, still held by the guerrillas in the aftermath of four airliner hijackings.

The plight of the Americans obviously was the triggering force behind a denunciation that was carefully worded—and revised—by White House press secretary Ronald L. Ziegler.

But his statement also was viewed as a slap at Israel's detention of 375 Arabs. Israeli forces originally took 450 Arabs into custody over the weekend, but later freed 75.

"We deplore and denounce the holding of hostages by any nation or group," Ziegler said. "The illegal detention of United States citizens in a dispute involving another nation is particularly reprehensible."

Ziegler also declared, "The bearer of a United States passport carries with him prima-facie evidence of United States citizenship."

And he added: "The United States rejects any attempt to establish distinctions among its citizens on any basis whatever."

In other developments, President Nixon formally asked Congress for an extra $28 million for the recruiting and training of 2,500 security guards to ride commercial airplanes.

At the same time, the Department of Transportation was shaping a bid for the legislative authority to provide such security "on United States flag air carriers."

In Congress, which so far has cooperated fully with the administration's handling of the issue, the House Foreign Affairs Committee scheduled hearings Thursday on the requests.

One White House spokesman said he didn't know whether 2,500 more guards would be enough, but he did confirm they would be in addition to military personnel who have been assigned to antihijack operations.

Fischer Quints Now 7 Years Old

ABERDEEN, S.D. (AP) — Mr. and Mrs. Andrew Fischer's quintuplets have reached the age of 7.

The four girls and their brother attended school as usual Monday. If there was a celebration it was held privately at home. Mr. and Mrs. Fischer try to keep the children out of the public eye.

International Tribunal Proposed To Try Skyjackers

By THE ASSOCIATED PRESS

With some 55 hostages from airline hijackings still in the hands of Arab guerrillas, U.N. Secretary-General U Thant has proposed that hijackers "be prosecuted in the name of the peoples of the world" by a special international tribunal.

A U.N. spokesman said Thant was suggesting establishment of a court separate from the present World Court at The Hague.

Hijacking and abduction of foreign diplomats by extremist groups "sow the seeds of international anarchy," the secretary-general told about 2,000 persons at a $150-a-plate dinner on the eve of today's opening of the 25th General Assembly.

He said hijacking is a crime against an international service affecting many nations and idividual citizens, and added: "This crime must be brought before an international tribunal defending the interests of all peoples and nations and not of any particular people or nation."

Thant said that although the court might mean the surrender of some national sovereignty, "the world has no other choice . . . Nations and people must have the courage to resort to adequate new methods of international law and order."

He contended that the current rash of hijackings "is likely to change if hijackers are served notice by all nations that there will be no immunity or amnesty."

The hostages are the last held of about 400 who spent most of last week in three hijacked airplanes in a Jordanian desert. The Popular Front for the Liberation of Palestine released the others earlier, and 145 joined 46 previous arrivals in New York Monday.

The Popular Front, which commandeered the Swissair DC8, the Trans World Airlines Boeing 707 and the British Overseas Airways Corp. VC10 last week, said Monday it would not release the remaining American passengers until Tel Aviv promised to release guerrillas jailed in Israel.

A spokesman for the front said the hostages, who include West Germans, Swiss and Britons, as well as Americans and Israelis have been taken to various hideouts, "three in each place." He said an attack on any of the hiding places would endanger their lives.

Mansfield Shrugs Off Nixon Blast

WASHINGTON (AP) — Senate Majority Leader Mike Mansfield has shrugged off as campaign talk President Nixon's charges that Congress has failed to respond to administration proposals.

"The only explanation for such a message is that it has arrived on the eve of campaign time," Mansfield, a Montana Democrat, said Monday in reply to a special message Nixon sent Congress last Friday.

Nixon listed 59 legislative proposals to which "Congress has not responded."

However, Mansfield said, many of those proposals originated in the Senate—not in the White House. He mentioned the tax reform act, the economic opportunity law and postal reorganization.

"All of these measures were considered by the Senate. All passed the Senate," Mansfield said. "Each as I recall was initiated right here in the Congress and it was only later that the proposal was embraced by the administration."

Nixon's message also called for passage of his welfare reform bill which cleared the House earlier this year. The bill is bogged down in the Senate Finance Committee where Republicans want it rewritten.

Nixon, Mansfield said, "is to be greatly commended for his tenacity regarding this measure. Particularly gratifying were his special efforts to get approval of key members of his own party who for so long have been apparently blocking consideration of the measure."

The Democratic leader said the Senate has passed 13 of 14 crime control bills, most of which were initiated by Congress.

Ford, Chrysler Continue Work Day To Day

DETROIT (AP) — The United Auto Workers went on strike against General Motors Corp. today, choking off car production by the world's largest manufacturing firm and idling hundreds of thousands of workers in the United States and Canada.

Pickets were posted around GM facilities in 31 states and two Canadian provinces after last-minute negotiations failed to produce a new, pattern-setting contract for the auto industry.

Both GM and the union said they were far apart on reaching a new contract, but pledged talks to make the strike as short as possible. They said they would try for another meeting Wednesday.

However, some union and industry sources predicted the strike would be lengthy, and might exhaust the UAW's $120 million strike fund. Union officials said the strike funds would last seven to eight weeks, with the 344,000 workers on strike drawing up to $40 weekly each.

The strike is the first national shutdown of GM since 1964, when failure to agree on a new contracts closed the firm for 10 days.

The only other major strike against GM lasted 113 days in 1945-46. That was the longest national work stoppage ever in the industry.

The strike comes just as GM is introducing its 1971 models, including the subcompact Vega 2300, designed to help fight off the challenge of imported small cars.

GM's inventory of new cars is expected to last eight weeks.

UAW President Leonard Woodcock severely criticized the GM contract offer and said the automaker "held out no other choice" but to strike.

Earl Bramblett, GM vice president in charge of personnel and the firm's chief negotiator, said the UAW's action was a "strike against reason." He described the GM contract offer as an "economic proposal that is unprecedented in our history in the size and scope of its benefits."

Woodcock asserted that "Chrysler was turned away from a settlement" by "pressure exerted by GM."

But the UAW said Sunday Chrysler would not be an immediate strike target.

Some 41,000 hourly workers at 16 General Motors Corp. plants in Ohio were on strike today as part of a nationwide work stoppage called by the

Mills Faces Court Today

McARTHUR, Ohio (AP) — Oliver Mills, 59, charged with first-degree murder in the Aug. 31 fatal shooting of Vinton County Sheriff Harold Steele at the Mills home north of here, will have a preliminary hearing before County Judge John Beckley here Tuesday afternoon.

Mills, captured Sept. 5 after a widespread manhunt in northern Vinton County, did not enter a plea when taken before Judge Beckley earlier to give him time to obtain legal counsel.

Since his arrest Mills has been held in a maximum security cellblock in the Pickaway County Jail at Circleville.

Sheriff Steele had gone to the Mills home to serve a warrant on Mills relating to the latter's controversy with a power company over use of an easement on his property. Deputy Sheriff Dave Wilbur was wounded seriously after the sheriff had been slain with a shotgun blast.

Young Urges Cash To Settle KSU Suits

WASHINGTON (AP) — Legislation was introduced in Congress by Sen. Stephen M. Young, D - Ohio, Monday which would authorize an appropriation of $7 million for the victims of National Guard gunfire at Kent State University last spring.

Young said the money would be used to settle claims filed against the United States by the families of the four students who were killed and the 10 who were wounded.

Federal Judge Blocks Rail Strike For Week

WASHINGTON (AP) — The nation has gotten at least a week's respite in its third railroad labor crisis this year following a federal judge's order forbidding a strike.

Although four AFL-CIO unions had called the strike against only three lines, chief railroad negotiator John P. Hiltz had indicated the entire industry would have shut down in a retaliatory lockout.

The last-minute temporary restraining order by U.S. District Judge Howard F. Corcoran forbidding the 12:01 a.m. strike appeared to freeze the dispute until 1:45 p.m. Sept. 23. He set a hearing for Sept. 22.

The wage dispute involves some 500,000 workers on all rail lines.

In spite of the antistrike order, there was picketing in several cities during the post-midnight hours against the Baltimore & Ohio Railroad, the Chesapeake & Ohio Railway, and the Southern Pacific.

"The carriers have demonstrated absolute inflexibility," said C. L. Dennis, President of the Brotherhood of Railway Clerks, in breaking off government-sponsored negotiations and announcing the strike plans.

He said the railroads had refused to budge from a one-year, 7 per cent wage hike offer, compared with union demands of 40 per cent or more over three years. The workers now average about $3.50 per hour.

Dennis was backed in the strike call by President Charles Lhna of the United Transportation Union, President Harold Crotty of the Brotherhood of Maintenance of Way Employes and Vice President Richard Smith of the Hotel and Restaurant Employes.

Asst. Secretary of Labor W. J. Usery, President Nixon's chief troubleshooter in the dispute, had said Nixon would not invoke a 60-day strike delay under the Railway Labor Act against the planned partial strike.

But Usery had said a nationwide lockout by the industry would have meant "a whole new ball game" in terms of the President's decision.

The Nixon administration's strategy had been to keep both sides guessing as to whether he would invoke the labor law to appoint an emergency board and delay any strike for 60 days.

"An emergency board is no substitute for collective bargaining," Usery had said in emphasizing throughout the talks that the government preferred to see a voluntary settlement.

Corcoran is the same judge who prevented four other rail unions from staging a limited strike against one railroad earlier this year on grounds they had agreed to nationwide bargaining and could not strike only one line in a "whipsaw" action.

In that dispute, the unions then called a nationwide strike

Chilly Air Hits North; South Hot

By THE ASSOCIATED PRESS

The northern half of the nation shivered in chilly air today while the southern half sweltered under hot and humid weather and persons along the western Gulf Coast readied for Tropical Storm Felice.

Rain fell in many areas from the Rocky Mountains to the Atlantic Coast. More than an inch fell at Grand Island, Neb., Erie, Pa., and Lamoni, Iowa.

A hurricane watch was in effect from Morgan City, La., to Port O'Connor, Tex., and gale warnings were out along the Louisiana coast from the mouth of the Mississippi River to the Sabine River.

Winds reached 55 miles an hour early today and some increase was expected.

Temperatures reached only into the 40s and 50s in the top half of the nation Monday afternoon while the lower half had readings in the 80s and 90s. However. the readings in the 50s in Montana, under fair skies, were an improvement over recent temperatures in the 30s which were accompanied by heavy snow in some places.

Early morning temperatures ranged from 27 at Kalispell, Mont., to 82 at Melbourne, Fla.

Della Reese OK After Being Cut

HOLLYWOOD (AP) — Della Reese "took over 1,000 stitches but she's okay and she has been taken off the critical list," the singer's manager says.

Manager Lee Magid spoke to newsmen Monday, five days after Miss Reese slipped at the swimming pool of her home and fell through a glass door. She suffered severe cuts on the left arm and leg.

"I guess I'll be back working," the manager quoted her as saying. "Thank God nothing happened to my lungs."

Local Service Club Hears C Of C Report

An organization of businessmen with an interest in community service and prosperity was the subject of a talk presented to Pickaway County Community Services Council Sept. 8.

Speaking on the Circleville Area Chamber of Commerce of which she is secretary, Mrs. Jean Ankrom addressed the Community Services members at their luncheon meeting last week at the Pickaway Arms.

Managing the office of the Circleville Area Chamber of Commerce is a full time job for Mrs. Ankrom, who also serves as the group's secretary and treasurer. The local chamber is governed by a Board of Directors, 14 in all. Heading the Board is President Howard Bobo, manager of Columbus and Southern Ohio Electric.

Most of the work of the local chamber is delegated to one of twelve committees. Mrs. Ankrom staffs the office where she receives calls and communications on a wide variety of subjects ranging from questions about Pumpkin Show, to help in locating missing persons.

If the Chamber does not have the answer to a question, she refers the person to the proper agency or individual.

Mrs. Ankrom included in her talk, history of the Chamber of Commerce, beginning when it was first formed in the late 17th Century in France. New York formed the first commence organization in the United States in 1768. The local chamber was organized in 1916.

Early Chambers were associations of tradesmen organized for protection and the promotion of commerce. The emergence of the Chamber of Commerce as a community organization came much later as businessmen began to realize that their own prosperity depended on a happy, healthy and prosperous community.

This realization became the basis of the Chamber of Commerce which we know now. Primarily a businessmen's organization, but with a view towards a balanced program for the community. Mrs. Ankrom pointed out that the organization does accept and welcome individual memberships from the community.

The Chamber offers local citizens a service center to direct inquires concerning local, area or traveling businesses or other problems whenever possible. Inquiries can be made to the Chamber of Commerce office on the second floor of the Masonic Temple Building, 113½ S. Court St.

David Merrick Plans Movie

HOLLYWOOD (AP) — Producer David Merrick, whose Broadway hits include "Hello, Dolly! " the longest-running-ever musical in New York, is going to do the film version of his stage success "Child's Play."

The movie will be made for Paramount.

Merrick, 48, has put on more than 70 Broadway productions in the last 16 years.

USE THE CLASSIFIEDS

Solons Deny Annexation Petition

Pickaway County Commissioners Dick T. Tootle, Charles Morris and Wayne Hines Monday disapproved a petition for annexation of territory to the city of Circleville.

The area involved is 6.5 acres owned by Gorsuch Realty northwest of Meadow Drive in the Meadowview Addition.

Commissioners turned down the petition because no plans were included to solve a drainage problem.

Commissioners received a letter from Judge Guy Cline requesting that they proceed immediately with plans for a juvenile detention center.

The judge pointed out the county presently has no facilities to handle juveniles under the age of 14 and the state will not accept juveniles under the age of 12 who have been convicted of deliquency.

The judge suggested commissioners contact commissioners from Ross, Fayette, Pike, Hocking and Highland Counties to discuss possible construction of a detention center for the six county area.

Judge Cline further suggested a citizen's committee be appointed to study construction of the center.

United Auto Workers.

The Youngstown, Cleveland and Cincinnati area were hardest hit by the strike, called for by the union as it seeks a new three-year contract.

At Lordstown, near Youngstown, there were some 3,000 Chevrolet Division employes and 2,500 Fisher Body workers on strike.

Affected were 8,000 UAW members at the Chevrolet-Cleveland transmission plants in Parma, 2,600 at a Fisher Body plant in Cleveland, 2,000 at a Fisher Body plant in Euclid, and 50 at a General Motors Parts Division plant in Cleveland.

A Chevrolet Division plant in the Cincinnati suburb of Norwood employs 3,500 and a Fisher Body plant in Norwood 4,600. A parts plant in suburban Sharonville employs 260.

Also affected were 3,300 workers at a Chevrolet plant in Toledo, and Fisher Body plants employing 3,000 in Columbus, 1,600 in Elyria, 2,400 in Hamilton and 2,800 in Mansfield and 1,700 at a General Motors' Truck and Coach Division plant at Hudson in Summit County.

The strike officially began at 12:01 a.m. but 1,000 second shift workers of Local 45 at Cleveland's Fisher Body plant walked off the job at 10 p.m. Monday.

Four plants, including GM's biggest single Ohio facility, are not involved in the plant. The 10,000 workers at the Packard Electric Division at Warren are represented by the International Union of Electrical Workers, which had not given a 30-day notice required before a strike.

Exempted from the strike by the UAW because of defense production was the Allison Division Tank Plant in Cleveland, which employs 700.

Exempted because they produce items for other companies besides GM were the Central Foundry at Defiance, which employs 3,400; the New Departure - Hyatt Bearings Division, Sandusky, which employs 2,500, and the Delco Moraine Division Dayton.

Cabbie Slain; Man Arrested

CLEVELAND, Ohio (AP) — Cleveland police were holding a 50-year-old East Side man today in connection with the early Monday shooting death of taxi driver Richard D. Howard, 43, of Lodi.

Homicide officers said the man was arrested early today and information concerning him was to be turned over to the prosecutor's office.

Howard, a driver for the Zone Cab Co., was found shot to death in his taxi at East 79th Street near Aberdeen Avenue shortly after he picked up a fare at a West Side tavern for a trip across town.

Police said Howard had been robbed of about $10, but his assailant apparently shot him in a rage when he was unable to find more money. Police said $12 was found on Howard's person and $26 in a canvas bag.

Judge Weds Couple

David Arnold Keezer, Columbus and Linda Burns, Lockbourne, were married by Municipal Court Judge Sterling Lamb Monday.

Community Fund

Every Child A Wanted Child

"Every child a wanted child," is the goal of the Pickaway County Family Planning Assn. which was formed in March, 1967.

During the past year the clinic has had a total of patient visits of 277, given supplies to a total of 122 patients and have served a total of 71 new patients.

The retention rate of the patients this past year has been 8.

The clinic is held at Berger Hospital the second and fourth Monday of each month from 7-9 p.m.

* * *

TRANSPORTATION is provided if necessary.

Each patient is examined by a Doctor on the first visit before any service is given.

Various contraception devices are presented and explained to allow the patient to have all the known facts in order to make a choice.

Our clinic gives these services to low income families who are unable to obtain these services from a private physician, hospital or clinic.

No patient is denied service because of inability to pay. Our service is provided at no charge to the patient but each patient is asked for a small contribution.

Besides holding clinic sessions twice a month, the Family Planning Assn. has trained many workers, set up an appointment and record schedule, supplied advertising on request, and purchased needed supplies. Physicians, nurses and workers all volunteer their time and skills.

Bonds Forfeit In City Court

In Tuesday's Municipal Court session, Tom Hawker, 19, Orient, forfeited $24 bond on a stop sign violation.

Speeders forfeiting bond included: Robert L. Kerns, 22, Tarlton, $19; Louisa Stemm, 35, of 325 Lewis Road, $29; Irene W. Ingle, 69 of 75 Bolens Ave. $29; Arthur Cave Jr., 36. Stoutsville, $19; James Stoneburner, 28, of 518 Mound St., $29;

Benjamin Radcliff, 18, of 630 Ridgewood, $29; Robert Spicer 27, of Route 1, $29; Ruth Athey, 68, of 226 E. Mound $24; Allen M. Goode, 18, of Route 4, $24; Ernest W. Harber, 21, Ashville $19; Raymond Walisa, 23, of 335 E. Ohio St., $24.

Grace Nungester, 27, Ashville; Marvin Wilson, 23, Stoutsville; Brenda Hollar, 20, of 1062 Mulberry St.; Lawrence W. Smith, 35, Stoutsville, and Ralph Houser, 46, Route 1, Clarksburg, each forfeited $24 on speed charges.

Motorists fined for other violations were William Sanders, 21, Laurelville, $19 for unsafe vehicle; Elmer E. Hill, 35, of 504 Stella Ave., $15 for speeding and $10 of a $35 fine for driving with an expired license; David Dollison, 221 Walnut St., $35 for reckless operation.

Paul E. Bower, 26, Tarlton, forfeited $19 for following too closely. Two men, Don Sparks, 29, Route 1 and Marvin Endicott, 56, Lockbourne, each forfeited $24 for stop sign violations. Carrying an insecure load cost Fred Smallwood, 34, Route 4, $24 in forfeited bond.

An 18-year-old Kingston youth, D. J. Humphrey, forfeited bond on two charges — $19 for defective exhaust system and $24 for speeding 75 in a 60 mile zone. Nola Rader, 31, of 100 Northridge Road forfeited $34 on a charge of passing a stopped school bus.

Deaths

MR. FLOYD WOODGEARD

Mr. Floyd Woodgeard, 33, Phoenix, Arix., formerly of Circleville, died Saturday in Phoenix.

Funeral arrangements are being handled by the Defenbaugh Funeral Home.

MR. LESTER HARRIS

Mr. Lester Harris, 78, Columbus, died 2:45 a.m. Tuesday in the Bellview Nursing Home, Columbus.

He was a former resident of Circleville.

Arrangements are being completed by the Defenbaugh Funeral Home.

MRS. FRANCES COTTRILL

Mrs. Frances Cottrill, 68, Chillicothe, died 11:30 a.m. Monday in Chillicothe Hospital following a lengthy illness.

Born May 23, 1902 in Ross County, she was the daughter of Charles W. and Flora M. Shipley Dyer.

She was preceded in death by her husband, Paul Cottrill, in 1940.

Employed at Mead Corporation, she was a member of the International Brotherhood of Pulp, Paper and Sulfite, and a member of the First Church of the Nazarene.

Surviving are a sister, Mrs. Iva R. Finely, Carousel Court Chillicothe; two brothers, Charles M. Dyer and Walter J. Dyer, both of Chillicothe.

Services will be 2 p.m. Wednesday at the Fawcett-Oliver and Glass Funeral Home, Chillicothe with Rev. Robert F. Styers officiating. Burial will be in Greenlawn Cemetery, Chillicothe.

Friends may call at the funeral home beginning 4 p.m Tuesday.

der discussion would be an attempt to begin eliminating effects of previous discrimination as well as laying guidelines to assure equal access to federally assisted housing built in the future.

HUD Assistant Secretary Samuel J. Simmons, one of the ranking Negro officials in the administration, is advocating the imposition of the minority goals.

"The minimum goal to shoot at would be a situation where the composition of the project would pretty well reflect the social composition of the total population in a housing market area." said Simmons.

Compliance would be judged, Simmons said, on the basis of his efforts to reach the goal. not necessarily on the numbers of Negroes actually buying homes in the development.

Besides affirmative marketing action, the Simmons' strategy also includes revision of tenant selection procedures in federally assisted rental housing and new site selection criteria to avoid excessive concentrations along racial lines.

Simmons maintained that HUD has the authority to act under the 1964 civil rights and the 1968 open housing laws, and an executive order barring discrimination in government contracts.

Jail Singer 3 Months; Girl Involved

WASHINGTON (AP) — Folksinger Peter Yarrow has been sentenced to three months in jail for taking "immoral liberties" with a 14-year-old girl in a Washington hotel on Aug. 31, 1969.

Yarrow, best known as a member of the Peter, Paul and Mary trio, had pleaded guilty in March.

His wife, Mary Beth, 23, cried softly as Judge Edward M. Curran handed down the sentence Monday after hearing a plea for mercy from attorney Edward Bennett Williams.

Yarrow, 32, was led away immediately to begin serving the term. With good behavior, he could be freed in 75 days.

Moments earlier Yarrow told the court "I am deeply sorry. I have hurt myself deeply. I hurt my wife and the people who love me. It was the most terrible mistake I have ever made."

Curran said he could not grant Yarrow probation because of the nature of the crime. "What he did is bad," said the judge.

Curran, however, suspended all but three months of the full sentence of one to three years.

Williams said Yarrow would continue treatment by Dr. Salvano Arieti, a New York psychiatrist.

A THOUGHT FOR TODAY

Self-pity is our worst enemy, and if we yield to it we can never do anything worthwhile in the world.

Police Investigating Indecent Exposure

Circleville Police are investigating a reported indencent exposure incident today.

According to a report filed with the police department a man exposed himself at Main and Court Streets and again at Court and High Streets to two local girls.

"There Are So Many Religions.

They Can't ALL Be Correct."

Yes, they can.

To say that only your own religion is true is to become a bigot.

And to regard all religions with suspicion just because they differ is a mistake, too. There's a very important similarity among all faiths: the belief in a Supreme Being who has made every one of us, Catholic, Protestant, and Jew alike.

We worship differently, but the object of our worship is identical in every religious denomination.

Accidents Bring Injuries And Citations In County

Two drivers were cited Monday and two people injured early Tuesday in three separate accidents in Pickaway County.

A three-car non injury accident at 3:40 p.m. Monday on Route 56 near the Circleville-Kingston Pike brought a citation to a 20-year-old Circleville man.

Dick Huffer of Route 4 was cited by Pickaway County Sheriff's Deputy Warren Straley for failure to maintain assured clear distance ahead when he struck the rear of a car driven by Mary E. Zahard, 17, Route 3.

Nancy V. Smith, 16, Route 1, had stopped on Route 56 to make a left turn and Miss Zahard had stopped behind her when Huffer hit the rear of the Zahard vehicle forcing it ino the rear of the Smith auto.

* * *

ROBERT H. Reese, 35, Cleveland, was cited in a one-car mishap at 10:40 p.m. Tuesday on Route 104 just south of the Sisk-Westfall Road.

Reese lost control of his auto in a curve, skidded off the road and struck a fence. No one was injured in the accident.

Deputy Don Thompson cited Reese for no operator's license, left of center and driving an unsafe vehicle.

Two women were injured in a one-car accident at 6:05 a.m. Tuesday on the Circleville-Kingston Pike about a mile north of Route 361 when their auto left the road and hit a fence.

The driver, Sue Cooley, 29, Kingston, suffered a lacerated eye and chest and back injuries in the mishap and was transferred from Berger Hospital to Chillicothe Hospital. Mabel Dudding, 28, Kingston was taken to Berger Hospital for treatment of lacerations and contusions of the forehead.

New Citizens

MISS TATMAN

Mr. and Mrs. Ray Taman (Rita Lowery), Adelphi, are the parents of a 6-pound 3½-ounce daughter born 12:40 p.m. Monday in Berger Hospital.

Engineers Hold September Meeting

The Southern Ohio Chapter of the Ohio Society of Professional Engineers recently held its September meeting at the Fox Farm Inn.

Carl Meglan from Columbus gave an interesting talk on employment practices. A special feature of the meeting was the presentation of certificates to registrants who had successully completed the requirements of the board.

John Wachendorf, regional vice president, made the presentation. Among those receiving a professional engineer's certificate was Lee W. Otto from our local area.

Views on Television

By CYNTHIA LOWERY
AP Television-Radio Writer

NEW YORK (AP) — Viewers who have enjoyed Red Skelton's nonsense—and kept him on the air for 20 years—undoubtedly will continue to enjoy him in his new half hour series that made its debut on NBC Monday night.

In chopping the program from its CBS form of one hour, the long sketches have been pruned and so have most of the elaborate production numbers and the chorus.

The premiere opened with Vice President Spiro T. Agnew in a brief introduction. Skelton appeared in his usual dinner jacket and his opening monologue was just like old times including the inevitable Gertrude and Heathcliffe seagull story.

In honor of the occasion, Red introduced a new comedy character, Dr. Ludwig von Humperdoo. He seems to be a combination of that excitable scientist that Sid Caesar used to play and Prof. Ludwig von Drake, the Disney character.

Skelton did a sort of imitation of W.C. Fields in one brief sketch but the big comedy number was supposed to be the silent spot where he worked with guest Jerry Lewis as a maladroit magician and assistant.

It was one of those things in which everything went wrong. Red ended up with raw egg on his coat and the sketch apparently was never finished because the box in which Lewis was to be sawed in half tipped over. It wasn't a very good sketch anyway: Skelton's fine pantomime skills weren't even tapped.

Lucille Ball who has been in television almost as long as Skelton launched her new CBS season with Richard Burton and Elizabeth Taylor as guest stars—a coup almost as big as Elizabeth's 70-carat diamond ring, which also was starred.

It was a funny show with both Burton and his wife demonstrating unsuspected talent for broad comedy. The story, a typical Lucy plot, had Burton sneaking out of his hotel disguised as a plumber and being nailed by Lucy to fix a leaky faucet. Then of course she tried on that ring, which Burton conveniently had in his pocket and it got stuck on her finger.

Miss Ball once again demonstrated her ability to do something interesting in a predictable situation. Even so, by having the Burton's for her opening show, she set a tough pace for herself.

Recommended tonight: "The Don Knotts Show," NBC, 7:30-8:30 EDT, premiere of a comedy-variety hour, with Anthony Newley and Eydie Gorme: "60 Minutes," CBS, 10-11, magazine-type actuality program, with Mike Wallace.

Cincinnati Fire Deliberately Set, Marshal Says

CINCINNATI (AP)— Damage has been estimated at $15,000 to the Rockdale Temple which was hit by four intentionally set fires Monday.

Fire Marshal Don Yuellig said that the blazes were started by paper drenched with gasoline. The buildings which houses the Avondale Community Council and the office of Checkmates, Inc., a human relations group, was also vandalized.

The Temple was formerly a synagogue.

Yuellig said he believed that "internal trouble" among members of each the council and Checkmates led to setting of the fires, but he did not elaborate.

Suit Settled Out Of Court; Porno Panel Report Freed

WASHINGTON (AP) — A suit against the President's Commission on Pornography has been settled out of court, allowing release of the commission's hotly debated report Sept. 30.

Charles H. Keating Jr., President Nixon's only appointee on the study group, dropped his effort Monday to get a court order against the commission's recommendation for repeal of all U.S. adult censorship laws. He won the right to file an additional 66 pages as a minority report and to submit technical reports.

Keating said he has asked a congressional investigation of his contention the commission report defies "Congress' mandate to find ways to stop pornography, not increase it."

As part of the settlement the commission majoriy headed off litigation it feared could tie up the report in the courts until after the commission goes out of business Sept. 30 and possibly prevent its ever being published.

Keating denied he had tried to suppress the report.

"For damn sure we want the report out," he said in an interview. "It gives us an opportunity to make our point."

He said the report will force debate by Congress and the public whether the United States should follow Denmark's lead in liberal pornography laws or maintain what he called its leadership "in the morality of the Western world."

The commission majority recommends repeal of U.S. laws against showing or selling pornography to adults. The majority contends there is no public consensus to support such laws, legislation of morality is unwarranted and pornography does not cause sex crimes or other social harm.

It recommends laws against exposure of youngsters to obscene pictures, public display of such pictures or their use in unsolicited mail advertisements.

It also recommends a "massive sex re-education" program, in part to help build an informed public consensus on pornography.

Jackie Gleason Returns Home

FORT LAUDERDALE, Fla. (AP) — A slimmer Jackie Gleason and his Independence Day bride Beverly McKittrick, arrived from England aboard a cruise liner Monday and were met by a Dixieland band.

The vacation in Europe lasted six months and the winter may be just as leisurely, at an annual $100,000 salary.

Gleason's show on CBS was not renewed nor has Jackie reached agreement with the network on a series of specials he was to do this season.

"I've had offers from the other networks," Gleason said, "but I can't accept anything else. My contract with CBS runs four more years at $100,000 a year."

The "Great One," who weighed 270 before starting a diet in the spring, was down to 207 when he stepped onto the dock Monday from the liner Canberra.

Youth Grange Picks Officers For 1970-71

Members of the Pickaway County Grange youth organization were guests of Ron Hendershot and Jan Roberts at the regular monthly meeting held Sunday evening in Ashville.

The business session was conducted by Keith Lands. This consisted of the discussion of the installation team which will begin performing Sept. 30 at Westerville.

After the officer reports the election for the current year was held with Hendershot selected as president for the group and Betty Bolender re-elected as his first officer.

Secretary will again be Barbara McKenzie and Darlene Collins newly elected treasurer. Paul Dunkle will serve as the news reporter and Bonnie Bolender will direct recreation activities.

The youth organization plans to attend the morning worship services at the St. Paul United Methodist Church this coming Sunday and will thereafter visit members churches every six Sundays.

Kirkpatrick Heads FTC; Had Urged Abolishment

WASHINGTON (AP) — Miles W. Kirkpatrick is taking the reins of the Federal Trade Commission exactly a year after a panel he headed concluded the beleaguered agency must be reformed or abolished.

Kirkpatrick, a 52-year-old Philadelphia lawyer, was named by President Nixon last month to become the fourth FTC chairman in less than a year.

His predecessor, Caspar W. Weinberger, was picked to swear in the new chairman in ceremonies this morning. Weinberger resigned to become No. 2 man in the new White House Office of Management and Budget.

Weinberger replaced Paul Rand Dixon, who was demoted by Nixon after eight years as chairman. Commissioner A. Everette MacIntyre has been acting chairman since Kirkpatrick's nomination Aug. 11, making Kirkpatrck the fourth man to head the agency since January.

Kirkpatrick, chairman of the American Bar Association's antitrust section in 1968-69, is best known as head of the 16-member ABA panel that roasted the FTC in a study released Sept. 15, 1969.

Characterizing the 56-year-old regulatory agency as ineffective and dissension-ridden, the report stated, "The case for change is plain."

"If change does not occur, there will be no substantial purpose to be served by its continued existence; the essential work to be done must then be carried on by other governmental institutions," it said.

In the year that has separated Kirkpatrick's report and his assumption of the chairmanship, much has happened to the much-criticized agency.

Under Weinberger, the FTC went through a top-to-bottom reorganization that insiders say will streamline the agency's work and put added emphasis on foreign affairs. Weinberger also sought an received. early retirement on nearly a score of top agency officials, a move recommended by Kirkpatrick's study group.

In testimony during hearings on his confirmation by the Senate, Kirkpatrick said he would be "dedicated to the consumers' interests."

By JEFFREY D. ALDERMAN (For Hal Boyle)

EAST BRUNSWICK, N.J. (AP) — It is impossible to automate women.

No matter how efficient or labor-saving the device, the American woman will find some way not to use it. Somehow, she will conclude that only the old way will really do the job that a brilliant engineer—male, of course—designed the gadget to do.

At the same time, the woman will not give up her labor-saver.

Twenty years ago, women lugged laundry baskets out of doors and complained over clotheslines that they did not have an automatic washer and dryer.

Women who had them were the Joneses to keep up with.

Today, suburbia is a-glow with washers and dryers to pre-soak, soak, spin, fluff, puff and even to wash and dry. Control panels rivalling jetliners offer knobs, buttons and settings for every fabric and every dirt.

It almost seems you can custom-set the machine for whatever you have that's dirty and whatever made it that way.

Yet how many bathrooms still dry stockings?

And how many husbands have heard the plaintive cry from the automatic laundry room: "I wish we had a clothesline."

Today's suburban Jones is the lady with the clothesline. Neighbors borrow it as they once borrowed the automatic to do a load of diapers.

The explanatin is that no dryer will "air" quite the way a clothesline will.

But this wish to hold on to some small part of the old way of doing things is not confined to wash day.

How many dishwashers do not wash all the dishes? Or garbage disposers not dispose of all the garbage?

And think of all the frost-free refrigerators that get defrosted.

Then consider the sewing machine.

Industrial engineers have created machines that sew straight, zigzag, zagzig, up, down, sideways, inside, outside. They make plain stitches, fancy stitches, double-stitches lock stitches, invisible stitches, fancy stitches, basting stitche — practically any kind except the hand stitch which is really required to finish the garment properly.

Psychologists might explain these things in terms of wish fulfillment, subdivision boredom or some elaborate theory which ultimately relates to sex. Women might deny both theories and need for them.

But how many homes these days have a vacuum cleaner for the carpets, another vacuum cleaner for the steps and tile floors, maybe still another for patio and basement—and a broom to sweep up dirt?

WASHINGTON MEMO

By Congressman
CHALMERS P. WYLIE
15th District of Ohio

Following a three week fall recess, the House of Representatives returned to Washington on Sept. 9, to consider a full legislative schedule.

One of the bills debated this week was the Prevailing Rate Pay Systems for Government Employees. Included in this measure were provisions to establish a Federal Prevailing Wage Advisory Committee consisting of eleven members, a five step wage schedule instead of the present three steps, and authority to include an additional 143,000 employees in the prevailing pay system.

This bill will cost the American taxpayer $230 million. Administration studies indicated that this measure is not needed at the present time. In addition, the Civl Service Commission, the Department of Defense, and the Bureau of the Budge reommended against favorable action of this measure. In view of these recommendations and in consideration of the constant vigilance necessary to control inflation, I voted against this measure.

Another bill which was essentially inflationary in nature was considered on Thursday, Sept. 10. This bill proposed a one year extension of the time alloted for proposing a permanent plan for financing the Corporation for Public Broadcasting. The measure appropriated an outright $30 million to the Corporation and an additional $5 million to be used in matching grants and contributions.

In view of the concern for inflation voiced by my constituents, both in my recent questionnaire and in mail I receive, I voted against this measure on the grounds that it is a luxury we cannot afford at the present time.

The airplane hijacking situation has reached international crisis proportions. The world community must act — and act quickly — not only to obtain the release of the hijack victims now being held hostage by Arab commandoes in Jordan, but to prevent or at least deter future hijackings.

Skyjacking is a matter of the greatest urgency and one which calls for the highest degree of international cooperation. It would seem that agreement could be reached by the nations involved, not only on the matter of punishment for hijackers taken into custody, but also on security measures which could be adopted to nip incipient hijackings in the bud.

It is my information that U.S. airlines are employing a passenger profile or screening system which eliminates hijacking suspects among airline passengers. The rest of the passengers are to then go through a magnetometer check to see if they are carrying any weapons or bombs.

The Federal Aviation Agency and the airlines are talking about an actual physical search of suspected hijackers on certain high risk U.S. flights which begin or end in a foreign country. I urge that such action be taken. In addition, I suggest the placing of armed plain clothes security guards on all international commercial flights and instituting an airlines personnel security program.

The United States Department of Agriculture has informed me that the Special Milk Program for schools and child-care institutions will be continued through the 1970-71 school year. The Department will authorize school authorities to operate the program at school year 1968-70 levels trough October 15, 1970, the expiration date of the Congressional "continuing resolution," which I supported.

Both the Senate and the House have approved $104 million for the Special Milk Program for the year ending June 30, 1971. The USDA Appropriation Bill is now awaiting action by a Senate-House Conference Committee.

The Special Milk Program was first authorized by Congress in 1954, and provides cash subsidies to schools, child-care centers and similar non-profit organizations to pay part of the cost of milk served to children.

On Thursday, Sept. 10, the House passed the Communicable Disease Control Amendments of 1970. This legislation authorizes $20 million in appropriations for 1970 to be awarded to state health authorities by the Department of Health, Education and Welfare. These grants will be used to purchase vaccines in a nationwide effort to control tuberculosis, venereal disease, rubella, measles, polio, diptheria, tetanus, whooping cough, and any other disease that proves to be a major public health problem.

The bill provides a total of $185 million to continue the Disease Control Program over a three year period. A portion of the funds will be used by state and local health authorities for organization surveillance and other precautionary epidemiologic activities.

The last defense budget submitted by the previous administration was approximately $81.2 billion. This represented 44 per cent of the total Federal budget and 9 per cent of the gross national product (GNP).

In contrast, the estimated defense budget for 1971, including Federal pay raises, is approximately $73.6 billion or 36 per cent of the Federal budget and 7.3 per cent of the gross national product.

In the area of non-defense spending, estimated figures for 1971 are $127 billion or 12.6 per cent of the gross national product and 63.7 per cent of the budget.

The Department of the Interior has apportioned $176,728,673 from the Land and Water Conservation Fund to the 50 States and territories for fiscal year 1971. Much of this money will be used for urban parks and recreation purposes. All monies allocated from the fund are matched on a 50-50 basis by the States.

The Fund received revenues from entrance and user fees from Federal recreation areas, from the sale of surplus Federal property and from motor boat fuel tax. Ohio's share for fiscal year 1971 is $9,132,398.00.

Dayton Schools Under Sanctions From Teachers

DAYTON (AP) — Teachers belonging to the Dayton Classroom Teachers Association voted Monday to invoke sanctions on the city school system.

DCTA President Robert A. Nies said there was virtually no opposition to the action, taken at a meeting of 130 representatives.

The sanctions, which encourage teachers not to teach in Dayton, were proposed at a meeting of the DCTA executive board last week.

The action was in response to the repeated rejection by voters of a 10.5-mill levy and the board of education's plans to put an 8.5 mill levy on the November ballot.

Teachers say 8.5 mills would not meet school needs.

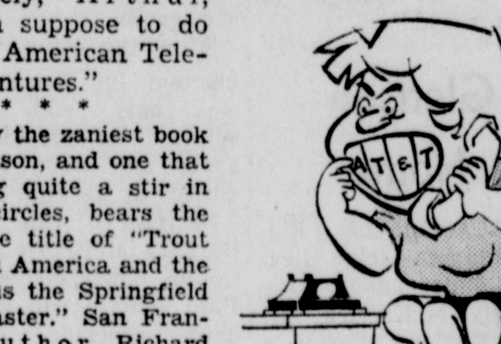
"Nothing too expensive—just something for my dog to chase."

Try and Stop Me

By BENNETT CERF

As IF Wall Street brokers weren't having enough troubles these days, one of them was called at the busiest hours of the day last week by his dear old mother who demanded, "I want you to tell me immediately, Arthur, what I'm suppose to do with my American Telephone dentures."



* * *

Possibly the zaniest book of the season, and one that is causing quite a stir in literary circles, bears the improbable title of "Trout Fishing in America and the Pill Versus the Springfield Mine Disaster." San Franciscan author Richard Brautigan is sometimes hard to follow, but he certainly has an original sense of humor. Typical aside: "I remember mistaking an old woman for a trout stream in Vermont, and I had to beg her pardon. 'Excuse me,' I said. 'I thought you were a trout stream.' 'I'm not,' she said."

* * *

After three rounds of humiliating back-pedalling and absorbing haymakers, a miserable preliminary fighter sat gasping for air and resignedly waiting for the bell to signal round four. "Ya doin' good, kid," his manager sought to encourage him. "The bum ya fightin' ain't really laid a glove on ya yet." "That so?" mumbled the fighter, spitting out a couple of teeth. "Then keep an eye on the referee, because SOMEBODY is beatin' the bejabbers outa me!"

Speaking Of Your Health

By Lester L. Coleman, M.D.

The adolescent is a very special human being who needs and deserves a great deal more patience and understanding than he frequently gets. Adolescence is a period of psychological conflicts, confusions and frustrations that overwhelm him and, too often, irritate the adults who surround him.

Physically, he is almost reaching mature adult size. Emotionally, he is just being graduated from the post-puberty phase. Because of his size, adults make demands on him that he cannot yet clearly define.

Lost in his own conflict, he tries to extricate himself from his confusion and, far too often, lashes out in rebelliousness. This response is based on his inability to rationally establish his own dignity in the home. It is not unlike the litle child who when cornered, spits and kicks as a defense against a threat. Had he been able to express his emotions in words, such a social behavior would not happen.

The teenager and the adolescent have physical, sexual, and emotional drives that overwhelm them. Expression of these feelings are difficult especially to their parents. The art of listening to them is a highly developed skill, one that is not necessarily known to all parents, because they are parents.

It is for this very reason that I believe now more than ever that there is a need for the specialty of adolescent medicine. Doctors trained in this specialty can take advantage of visits to their offices and establish a relationship with adolescents to encourage expression of their inner hidden feelings.

A suggestion by a doctor may be identical to one made by the parent. Yet, it will not call forth resentment because it does not have he "command" of authority of a parent. Doctors have found that such situations may exist within their own home. Another person may make a suggestion to the doctor's own children and will be readily accepted without resentment.

Young girls and boys in this conflicted state are trying to find their own identity, their own independence, and are seeking new values and attitudes that differ markedly from those of their elders. Because they seem to be departing from our teachings, we must not become resentful of them. They have much to teach us, if we learn to listen and hear their pleas for liberation from many of the constricting shackles that surround us adults.

Our adult vanity is great, but if we really inquire into the artistry of our accomplishments, we will find many failures. Perhaps the instinctive vision of the adolescent is laying the groundwork for a variation from our society that may bring them greater pride.

My faith in youth is an absorbing one. We can mutually grow and flourish if we work hard at understanding their newer values.

Be selfish. Employ the handicapped.

You're Telling Me

By William Ritt
Central Press Writer

The America's Cup internatinal yacht race series gets underway today off Newport, R. I. This is the most beautiful of all sports — and we're not just saying that because Uncle Sam has won all of 'em since 1851.

Melbourne, Australia, reports a snow storm. That's not exactly hot news — since it's winter time Down Under.

In Chicago a judge and his law clerk staff played a softball game with inmates of the House of Correction. Wonder if anyone stole second base?

California agricultural experts have developed a tomato which they say resembles a hot dog — two inches in diameter and four to five inches long. Those scientific guys sometimes do goof off — the tomato sounds more like a knackwurst or a kolbassi sausage.

The savants say the odd new tomato will be on the market soon. We can wait!

A bee has two stomachs — nature item. No wonder it has a honey of an appetite!

During medieval times, according to a Factograph item, it required a year to produce a full suit of armor. By that time, most likely, the war was over.

Why Can't We Laugh?

By JOHN CHAMBERLAIN

From the vantage point of Europe, during a short period in which one is dependent on local newspapers, you get a picture of the United States as the land of chronic bellyachers. If there is a smile among the demonstrators for women's lib, or the hippies in search of rock and pot, or the student radicals who think that dynamite has a pragmatic sanction because it "works," or the thirty-nine Senators who supported a fixed-date withdrawal from Vietnam, or the University of Virginia undergraduates who voted to take a 20 per cent black enrollment without considering that quotas are hardly liberal, then the European correspondents who cover America have most certainly missed it.

The idea that the classic land of opportunity has become a nation totally committed to continual griping about anything and everything cannot be true. Even so, the picture is not greatly distorted.

As one who was brought up on Mr. Dooley's sage observations on Teddy Roosevelt's antics in the White House, and on the behavior of those two wonderful cats, Mehitabel and Krazy, I miss the salutary effects of lubricating laughter. This women's lib business, now: must its partisans take it with such all-fired seriousness? True, women should get equal pay for equal work. They should not be treated as objects. But are they really suffering so? Two of the greatest newspaper correspondents of my time happened to be women. They were Dorothy Thompson and Marguerite Higgins, and nothing stopped them from rising to the top of their profession. They had ability, and they made it count, and they did better than the men when it came to telling the truth about wars and revolutions. They didn't need "lib."

I happen to be married to a remarkable woman, and I am not saying this to get my toast buttered in the morning. She runs a dance company. She teaches modern dance in two widely separated communities in Connecticut. She writes. She also brings up a family with humor and skillfully concealed discipline. If she were interested in politics she would have as much effect on it as any man. Does she need "lib"? It's obviously absurd even to raise it as a rhetorical question.

From my observation women get what they want, provided they know what they want. If there aren't more women corporation heads, I'm sure that is because they aren't, as individuals, just wild about running General Motors.

As for the students, what has ever stopped any Princeton undergraduate from campaigning for his chosen political candidates? It is part of the human condition that if you haven't an independent income, or must work to get an education, you must do your politicking in your spare time. So why should the Council of the Princeton University Community vote to give students two weeks off this autumn to campaign for "peace candidates?" Why should they get preferential treatment that is denied by the forces of circumstance to plumbers, subway motormen, taxi drivers and stock brokers? How could the council of a great university community have been so lacking in a sense of porportion, closely allied to a sense of humor, as to think their young charges are entitled to something that the general run of humanity must whistle for?

And that World Council of Churches that recently voted to give funds to four terrorist organizations in Africa. Whatever gave them the idea that they are entitled to suport murder gangs in the name of Christianity? If they had more humor they would see the witlessness of their attitude.

I came home from a three-week European interlude with a feeling that I was returning to a society that had lost its perspective on itself. And what do I find on my desk? It's a clipping from the Stars and Stripes in Tokyo in which various comic strip artists complain that "America has forgotten how to laugh at herself." One said he sees hippies wearing outrageously funny costumes — but he never sees them laugh.

Grant Funds For 9 ETV Stations

COLUMBUS, Ohio (AP)—The State Board of Education granted $816,280 Monday for nine educational television stations.

The board also accepted recommendations for changes in several joint vocational school districts and alloted $321,575 for five construction projects.

Television stations and the amounts they will receive are as follows: WOUB, Athens, $72,-730; WGBU, Bowling Green, $77,-500; WCET, Cincinnati, $118000; WOSU Columbus, $119,950; WVIZ, Cleveland, $199,000; WGSF, Newark $25,000; WMUB Oxford, $100,600; WGTE Toledo $98,500, and WQED Pittsburgh, $5,000.

The WQED allocation is for production of educational television programs.

In other action, the board enlarged the membership of the Knox County Joint Vocational School District Board from five to seven members; approved a plan proposed for operation of the Darke Cunty Area Joint Vocational School District; and authorized changes in local district participation in the Portage County Joint Vocational School District.

The board put off for further study a plan proposed to set up the Central Ohio Joint Vocational School District. The plan would involve several schools in Franklin and Madison Counties and one in Union County.

Sun Carnival Queen To Be Selected

EL PASO, Tex. (AP) — For the first time, the famed Southwestern Sun Carnival Queen will be selected from 17 duchesses sponsored by women's civic and service organizations of El Paso.

In the past, the Sun Queen was chosen by a secret Sun Carnival Committee.

The 36th annual Sun Carnival activities begin Dec. 27 and the 1970-71 queen will be announced at a Dec. 30 Coronation Ball.

Today In History

By THE ASSOCIATED PRESS

Today is Tuesday, Sept. 15, the 258th day of 1970. There are 107 days left in the year.

Today's highlight in history:

On this date in 1949, Konrad Adenauer became the first chancellor of West Germany.

On this date:

In 1777, the Polish aristocrat, Count Casimir Pulaski, was commissioned a major general in the American Revolutionary Army.

In 1789, the U.S. Department of Foreign Affairs changed its name to the Department of State.

In 1914, during World War I, German New Guinea and the Bismarck Rchipelago surrendered to the British.

In 1938, British Prime Minister Neville Chamberlain flew to Germany to try to mediate a German-Czechoslovak dispute.

In 1942, in World War II, German armies attacked the Soviet city of Stalingrad.

In 1959, Soviet Premier Nikita S. Khrushchev arrived in Washington to begin a 13-day U.S. visit.

Ten years ago — The Interstate Commerce Commission approved a merger of the Erie Railroad and the Delaware, Lackawanna and Western Railroad.

Five years ago — President Mohammed Ayub Khan of Pakistan asked the United States to use its influence to try to settle an undeclared war between India and Pakistan.

One year ago — U.N. Secretary-General U Thant urged that "normal" relations be restored between Communist China and the Soviet Union and between Communist China and the United States.

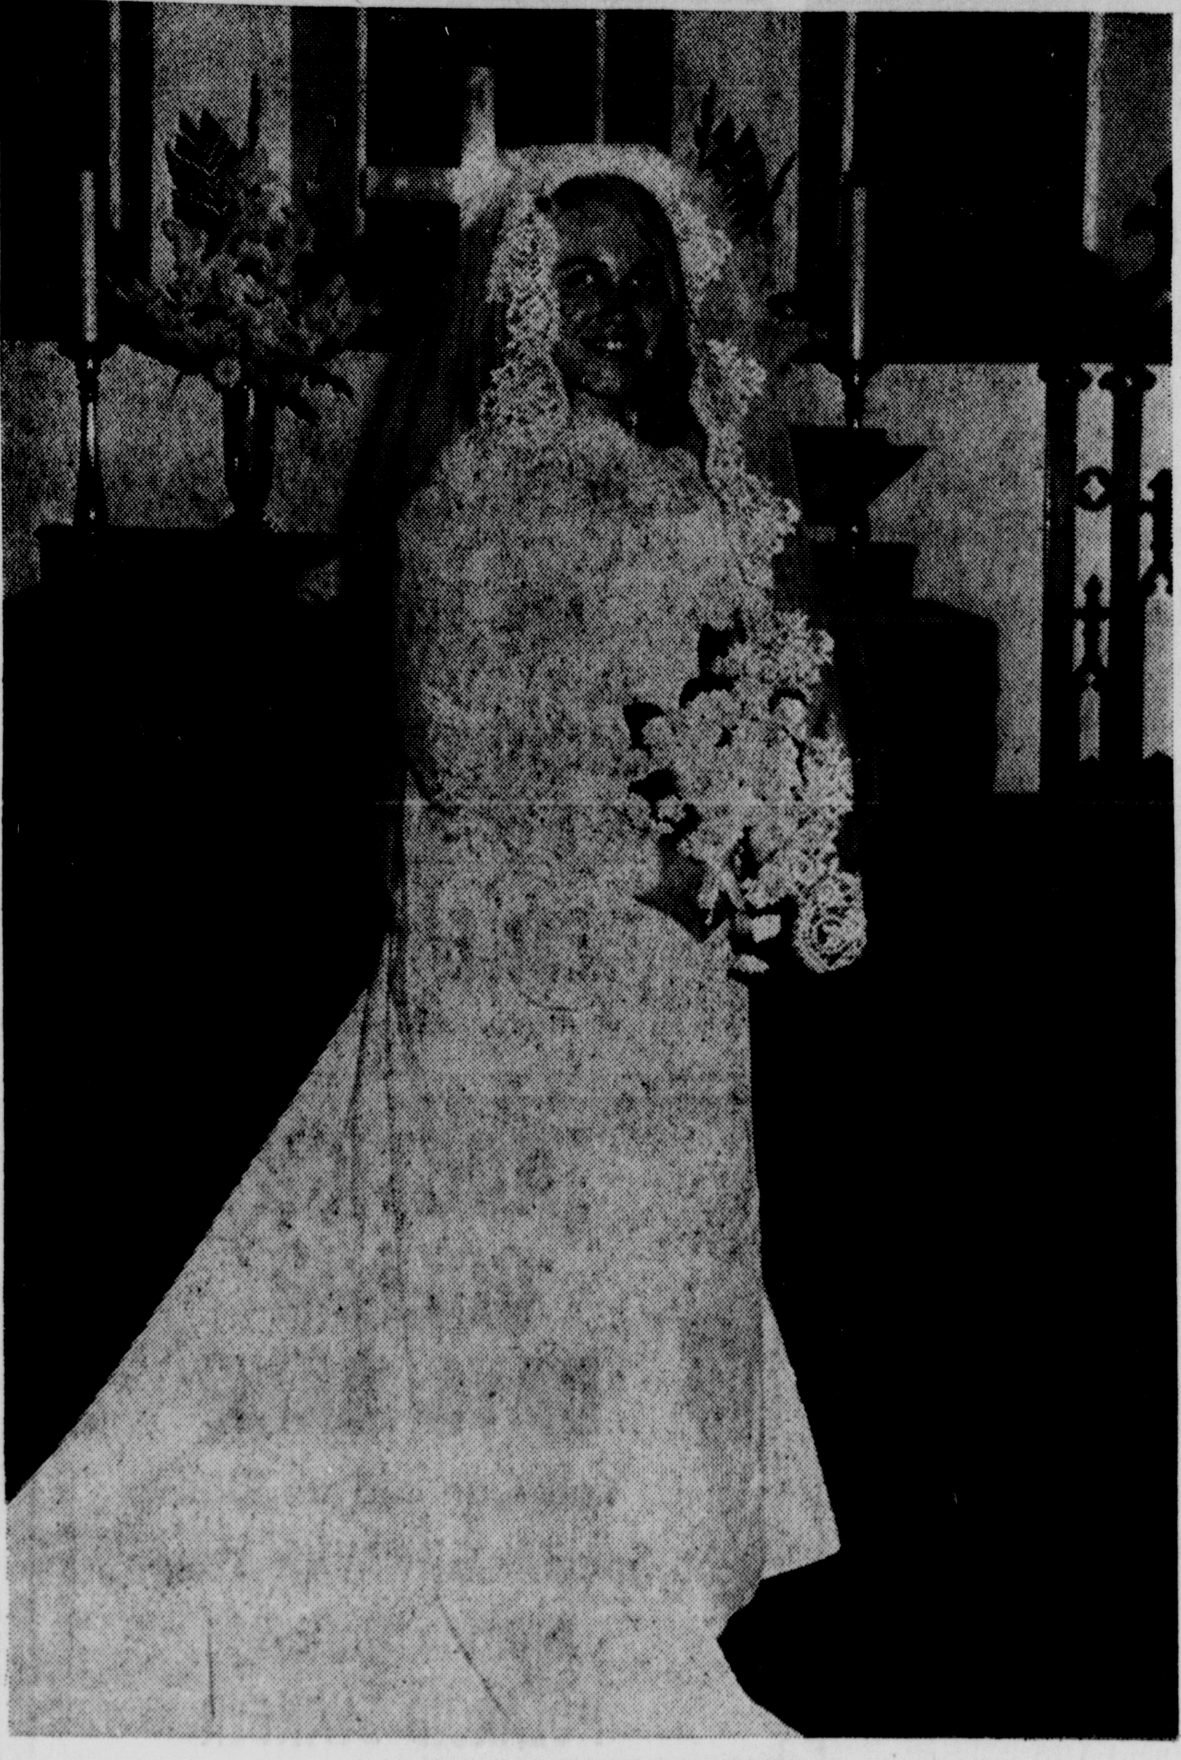
Johnson-Schiff Vows Solemnized In St. Philip's Episcopal Church



MRS. PAUL RICHARD SCHIFF

St. Philip's Epsicopal Church was the setting for the marriage of Miss Sue Ann Johnson and Mr. Paul Richard Schiff, Saturday, July 11. Rev. David B. Allardyce solemnized the 7:30 p.m. double ring ceremony for the daughter of Mr. Arthur K. Johnson, 224 E. Union St. and the late Mrs. Johnson and the son of the late Mr. and Mrs. Paul E. Schiff, former residents of Chillicothe.

Arrangements of white gladiolus, pompon mums, carnations and greenery adorned the altar. Single white tapers in crystal holders decorated with white carnations and pompon mums were placed in each of the recessed windows. Mrs. Paul Teegardin, organist, presented special selections in a half-hour program preceding the ceremony.

The bride was given in marriage by her father. She selected for her wedding a gown of white silk organza fashioned in the A-line empire style. Silknette Chantilly lace filmed the bodice and sleeves and was repeated in the skirt and train. A matching mantilla completed her ensemble. She carried a bouquet of white carnations and pompon mums.

Brenda Johnson Williams, sister of the bride, served as matron of honor. She was attired in a silk organza gown of pale orchid. Embroidered flowers accented the empire waist and bishop sleeves. Her headpiece was a poof veil matching her gown and she carried a basket of white and lavender pompon mums and white and pink carnations.

Bridesmaids, Miss Judy Morton, Miss Linda Lumpkin and Miss Jayne Depinger were dressed identically to the matron of honor and carried matching baskets of flowers.

Mr. Ben Riley performed the duties of best man. Ushers were Mr. Steven Schiff, brother of the groom, Mr. Harold Adams and Mr. David Williams.

A reception in the Parish House immediately followed the ceremony. The bridal table was decorated with arrangements of white and yellow pompon mums. Hostesses were Mrs. Robert Brooks, Mrs. Roy Strawser, Miss Jackie Koslap and Miss Sally Barnes.

For her going-away costume the bride wore a green and white A-line dress with navy blue accessories and the corsage from her wedding bouquet. The couple now resides at 1826 N. Seer Road, Apt. N, Columbus, Ohio.

The new Mrs. Schiff is a graduate of Circleville High School and is a senior at Ohio State University where she is majoring in education.

Mr. Schiff graduated from South Point High School. He served two years in the U.S. Army and is currently employed by F and R Lazarus Co.

Out-of-town guests at the wedding were from Zanesville, Chillicothe, Columbus, South Point, Cleveland, Ohio and Monroe, Mich.

Personals

Mrs. Keitha Prather, Columbus, entertained recently at a luncheon. Guests were Mrs. Patsy Knecht, Mrs. Mona Jean Hummel, Mrs. Mary Lou Strawser, Mrs. Sharon Kaye Barnhart, Mrs. Charles Kreisel and Mrs. Mary Bell Parrett and sons, Charles and Brad. All are nieces of Mrs. Kreisel except Mrs. Parrett and sons.

Mr. and Mrs. Alan Berger, Mr. and Mrs. James Stambaugh and Mr. and Mrs. Charles Resler represented Roundtown Players at the Ohio Community Theater Association's Annual State Conference this weekend in Toledo.

Mr. and Mrs. Ray Goodman, 319 S. Washington St., and granddaughter, Miss Amy Grover, attended the Saturday wedding of Miss Christine Weisenberger and Mr. Douglas Pontious, a nephew. The ceremony was held in St. Peters Church, Chillicothe.

Guild 30 Will Meet

Berger Hospital Guild 30 will meet 7:30 p.m. Thursday in the home of Miss Barbara McKenzie, Route 4.

CHARLES G. WILL

Teacher Assn. Slates Speaker

Pickaway County Retired Teachers Assn. will hold its fall meeting 12:30 p.m. Saturday at the L-K Restaurant.

The speaker will be Charles G. Will, English coordinator in the Upper Arlington secondary schools. His talk will be on a recent trip to the Iron Curtain countries.

Guest Speaker Addresses Circleville Garden Club

Circleville Garden Club met Friday evening in the parlor of Trinity Lutheran Church with Mr. and Mrs. Harry Kern as hosts. Guests for the evening were Mr. and Mrs. Joseph Veg of Logan Elm Village. A dessert course was served preceding the business session and program.

The nominating committee, composed of Harry C. Kern, chairman, Miss Elizabeth Tolbert and Mrs. Charles Neff reported the officers for the 1970-71 term as president, Miss Elizabeth Tolbert; vice president, Mrs. Donald H. Watt; secretary, Mrs. Edward C. Wolf; treasurer, Harry C. Kern; corresponding secretary, Mrs. E. A. Smith; historian, Mrs. Charles Neff and librarian, Harry C. Kern.

Mrs. Watt, program chairman, said that Thomas Weldon, State Game Protector had provided additional copies of the original drawing by the late Ray Evans of Columbus which appeared in the Columbus Dispatch entitled "What Are We Going To Do About It?" based on the Scioto River pollution problem.

The program for September 22 "Gardeners Day Out" for all Ohio Assn. of Garden Club members was reviewed. Clinics will be "Plant Care And Growing'' on Sept. 21 "Propagation Of Plants" on Sept. 28, "Soil, Moisture And Exposure For Success," Oct. 5 and "Style And Types Of Arranging" on Oct. 12. The clinics will be held in Dayton with special arranging instructions at each one.

The club will sell dried materials and many extras at 127 N. Court St. during Pumpkin Show.

A special workshop will be conducted at the home of Mrs. Henry J. Wears, Route 188 at 1:30 p.m. Wednesday, Sept. 23.

Mrs. Wolfe presented a local lily grower, Harold Holland, as speaker. His subject was "Success In Hybridizing Lilies." He told of many varieties such as Asiatic, Martagon American, Aurelian, Oriental and Lilium species. He discussed cultivation, fertilizer, drainage, disease, color range and suitable types of mulch. He said to never allow any size or type of bulb to dry before planting. He prefers the Speciosum Oriental Hybrids. This variety is slightly fragrant. Autumn planting is the best seasons as they will re-establish themselves much faster. The heighth and flowering date is given on each variety and the correct name of the hybridizer is also printed in parentheses by a reliable bulb grower. He stressed unusual success with de Graaf hybridized bulbs. Mr. Holland said that he prefers the economy size bulb to expensive untried bulbs. To develop ones own bulbs from seed or cross-pollination is a thrilling experience to the gardener. It takes three years for a bulb to produce its real beauty. He regards the lily as the noble flower.

Mrs. Watt displayed a special lily blooming now in her garden.

A special letter was read from Rev. George Myers of Chicago, who is regaining his health following an accident, in appreciation to the club for kindess extended to him.

The first meeting of the new season is scheduled for 7:30 p.m. Oct. 2 at the home of Mrs. Edward C. Wolfe and daughter Ann, 237 E. Mound St. Mrs. Wolf will discuss and display her great success with house plants.

Pythian Sisters Schedules Meeting

A regular meeting will be held by Pythian Sisters of Majors Temple 516, 7:30 p.m. Thursday in the K of P lodge hall.

Serving on the refreshment committee will be Mrs. Sarah Winner, chairman; Mrs. Bertha Brown, Mrs. Ronald Nau and Miss Clarissa Talbut.

FLEA MARKET — Berger Hospital Guild 41 is sponsoring a bake sale and flea market commencing 8:30 a.m. Friday in the basement of the Eagles Lodge, 135 E. Main St. Included other than baked goods will be clothing, household items, and toys. All proceeds will be given to Berger Hospital. Co-chairmen are Gerry Hannahs, Linda McConnell and Ginny Swoyer. Shown displaying a few of the items ready for the sale are Mrs. William Parker on the left and Mrs. Ronald Swoyer.

OES Conducts First Meeting Of Season

A carry-in dinner preceded the first fall meeting of Circleville Chapter 90 Order of the Eastern Star. Pauline Cook, worthy matron, presided over the brief business session.

Invitations were read from the following: grand visitation of worthy grand matron, Violet I. Thomas and a reception honoring grand marshall, Frances McGrath 7:30 p.m. Oct 2, at Buckeye Valley High School, Delaware; a reception honoring Erma Seyfang, grand conductress, 7:30 p.m. Oct. 3 at the Calumet Masonic Temple; Toledo and district Friendship Night 7:30 p.m. Oct. 10 at the Masonic Temple, Washington C. H.

Members were reminded that a stock sale dinner will be served Oct. 7. Committee chairmen were told that annual reports will be due at the first October meeting of the chapter.

The worhy matron welcomed members and guests, paying special tribute to past matron, Muriel Reichelderfer, who had celebrated her 86th birthday Master Masons were honored with a special reading.

Mrs. Cook announced that past matrons and patrons would be honored at the next meeting. Officers are requested to wear chapter dress.

Guy Cline Jr., showed slides taken on his Good ambassador tour of Europe where he visited 13 countries.

Calendar

Dear Abby:

By Abigail Van Buren

Dangers Of Girl Hitchhiking

DEAR ABBY: I am a 17-year-old girl with a problem. What is wrong with a girl hitchhiking a ride somewhere? It's cheaper and a lot quicker than a bus and I really don't see anything wrong with it, yet I've had nice looking men pick me up in big airconditioned late model cars and lecture me on the dangers of a girl hitchhiking. I can take care of myself as well as any boy my age who hitches a ride.

Lots of people will pick up boys, no matter how greasy and hoody they look, but they shake their heads and pass up a couple of girls. Why?

MINNESOTA GIRL

DEAR MINN: Because it's a common misconception that the female is physically weaker, and therefore more helpless than the male.

A girl should never get into a car with a stronger—no matter how "nice" the car or the driver looks. You can't tell anything by looking.

Also, a driver who picks up a hitchhiker, male or female, is taking a big chance. Nice looking kids have been known to rob, rape and murder drivers who have picked them up.

I cannot stress too strongly the dangers of hitchhiking. It is against the law in many places, and I think it should be against the law everywhere.

DEAR ABBY: Here's a new one for you. My ex-husband passed away recently. We had been divorced for six years and didn't live together for two years before that. Neither of us married again if that makes any difference. Our relationship parted, and all our friends knew it.

Two idiots I know sent me sympathy cards!

Should I acknowledge them? Or do you think they were trying to be funny.

NO TEARS

DEAR NO: Don't assume they were trying to be funny. Maybe they were serious. Acknowledge them.

DEAR ABBY: While vacationing with my wife in Whittier, Calif., I was standing in front of their finest hotel minding my own business when a new, shiny luxury car pulled up. A nicely dressed middle-aged couple got out of the front, and a very lovely young lady got out back. The couple went into the hotel and the lovely young lady walked right up to me, looked me straight in the eye and said, "I want a man!"

I said, "Thank you for the compliment, but although I may appear to be about 50 or so, I am 75 years old and I am afraid I would be a big disappointment to you."

She quickly lost interest in me and approached another man.

I am now 89 years old, and this has been on my mind ever since. What do you suppose this lady's game was? Do you think if I went back to Whittier I could locate her?

STILL WONDERING

DEAR WONDERING: Your chances for locating the woman are very slim. It's anybody's guess what her "game" was. Maybe she just wanted a man.

DEAR ABBY: You are a dandy. How I wish you had been around to OK my expense account when I was a salesman. Shame on you for buying that story about the senior prom costing the kid from Bremerton, Washingon $50 when the girl supplied the tickets! Wow! If he spent $10 for a noseday, his girl would have looked like a walking casket.

He said he spent $10 for "something to eat afterwards where all the kids hang out." And in Bremerton, Washington, yet! Why, his tab at Chicago's Pump Room for anything they could legally serve a high school kid wouldn't cost half that.

REALISTIC IN COLUMBUS, OHIO

Sky Marshal Plan To Cost $80 Million

NEW YORK (AP) — Installing armed government sky marshals on international flights as an antihijack measure will cost about $80 million a year, according to the head of the Federal Aviation Administration.

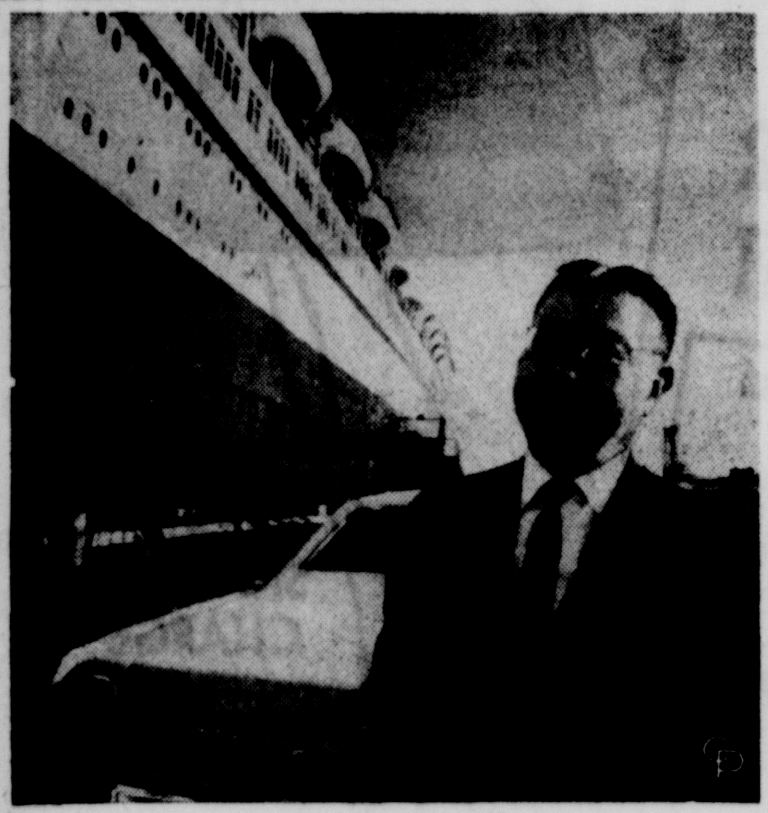
John Shaffer, FAA administrator, said current plans call for a total of 4,000 guards, each costing about $20,000 to be in the air by the end of the year.

These include FBI and Secret Service agents in addition to several hundred soldiers, and Treasury men already flying, he said.

President Nixon last week ordered at least two armed guards assigned to all international U.S.-based flights and some Caribbean flights in an effort to curb hijackings.

Shaffer also said airlines appear to have overcome initial hesitation about plainsclothes government agents patrolling international airports and now seem pleased with their performance.

He spoke on an ABC television special on airplane hijacking.



"SLOW BOAT TO CHINA"—Far East shipping magnate C. Y. Tung of Hong Kong stands beside his newest acquisition, the majestic Queen Elizabeth, in Fort Lauderdale, Fla. Tung bought the retired liner for $3.2 million at public auction. He said he probably will embark the Queen for Singapore within 10 weeks.

SPORTS

'International Season' Seen For Pro Golfing This Year

By BOB GREEN
Associated Press Golf Writer

DUBLIN, Ireland (AP- — Notes from the pro golf tournament trail:

This is pro golf's international season.

It started last week when Bert Greene and a number of others made the trip to Colombia for a tournament. Then there's the large number of tour regulars in Ireland for the Alcan Championship.

And it continues. England's Tony Jacklin, the reigning U.S. Open champ, has a line-up that includes stops in Scotland, then the Picadilly in London, Paris, Argentina, Australia and New Zealand.

Arnold Palmer also will be in Paris. Jack Nicklaus will be in Sweden, then Picadilly. Lee Trevino also has Picadilly scheduled, along with Argentina for the World Cup.

Dave Stockton will be in Argentina, Lee Elder in Sweden.

It's all possible because of a break in the schedule in the United States. But whether it signals the beginning of a world tour is problematical.

For instance, the John Player Tournament in England a couple of weeks ago, which offered a $60,000 first prize, didn't draw any of the American tourists.

The reason is that PGA rules stipulate that a member of the tournament players division can play in a tournament outside the country that conflicts with a regular PGA even only if he gets permission of the sponsor. The John Player Tournament conflicted with Hartford, and Hartford sponsors declined to allow the tourists to play in England.

The PGA now is investigating sites for its 1973 National Championship. Chances are good that it will go to Canterbury in Cleveland. The 1971 event will be on the PGA home course in Palm Beach Gardens, Fla., and 1972 at Oakmont in Pittsburgh.

Arnold Palmer has only one more appearance scheduled in Classic in South Carolina. It's possible that he will play in the Kaiser in Napa, Calif., in October, but that's not definite.

If he doesn't win one of them, it will be the first time in his career he's gone through the season without an individual title. His only triumph this year has been a team effort with Jack Nicklaus in the National Four Ball.

Final 40 Set On Each NFL Club

By THE ASSOCIATED PRESS

The final 40 are set on each roster are set, and some familiar names are missing.

The last cuts were made Monday and among those loped off were quarterback Tom Flores, a nine-year veteran by the Kansas City Chiefs, and running back Les Shy, a four-year pro, by the Dallas Cowboys.

Running back Curtis McClinton and offensive lineman Charlie Long also are gone, of their own volitio.

McClinton, an eight-year veteran, retired from the Kansas City Chiefs. He gave no reason.

Long called it a day with the Boston Patriots after starring as a tackle and guard for nine pro seasons. He will remain with the Patriots, doing scouting and special ticket promotions.

In another development, veteran safety George Saimes signed with the Denver Broncos. Saimes was waived by the Buffalo Bills after playing out his option last year, his seventh.

And the Detroit Lions announced that their No. 1 draft choice Steve Owens was to be under surgery today for a shoulder separation in last Saturday's exhibition victory over Cincinnati. The Heisman Trophy winner from Oklahoma will be lost up to eight weeks.

Playoff Schedule Tentatively Set

SAN FRANCISCO (AP)—The New York Mets, baseball's 1969 world champions, will be the home team if they tie Pittsburgh or Chicago to force a National League Eastern Division playoff.

The league office announced a playoff schedule Monday in the event of a two-way tie for first. The possible pairings for an Oct. 2 playoff were determined in a recent drawing.

CHS Harriers Open Season At Westfall

Coach John Lawhorn will have three lettermen back when Circleville opens its cross country season Thursday at Westfall.

Returning to form the nucleus of this year's squad are seniors Bill McGowan and Gary Spangler and junior Joe McGowan.

Junior members of the squad are Willie Fannin, Paul Cupp, John Ransey, Ed Riley and Pete McDaniel.

Sophomores making their bid are R. N. Phillips, Marc Hankins and Garry Williams.

The original opener, scheduled for tonight, has been postponed until Thursday night when the Tigers meet the Mustangs at Westfall

Washington C. H. has dropped the sport which leaves two open dates on the Circleville Schedule.

The complete schedule follows:

Sept. 17 at Westfall Sept. 22, at Fairfield Union; Sept. 24, Groveport; Sept. 29, Westfall; Oct. 1, Teays Valley; Oct. 6, at Groveport; Oct. 13, Fairfield Union; Oct. 15, at Teays Valley; Oct. 27, at Lancaster; Oct. 31, District Meet; Nov. 7, State Meet.

All meets will start at 4:30 p.m.

Connie Dierking Signs With Royals

CINCINNATI (AP) — Veteran center Connie Dierking signed a contract late Monday night with the Cincinnati Royals of the National Basketball association.

The Royals now have only two players unsigned—veterans Johnny Green and Flynn Robinson.

Mets Top Montreal, 9-5; Eye Playoffs

By DICK COUCH
Associated Press Sports Writer

Defense, says Gil Hodges, could be the name of the game in the final stages of the National League's East Division title countdown.

To prove his point, the New York Mets keep digging in, holding the line . . . and scooping up everyone else's fumbles.

"Our defense has picked up so much in recent games," the Mets' manager said before Monday night's game against the Montreal Expos. "A thing like that goes unnoticed, but it shows up in your pitching. The pitching looks so much stronger."

Then the Mets backed Danny Frisella's solid relief pitching with airtight play in the field before capitalizing on a Montreal defensive breakdown for four unearned runs in the 10th inning and a 9-5 victory that sent them into a virtual first-place deadlock with idle Pittsburgh.

New York trails the Pirates by less than one percentage point, with the third-place Chicago Cubs, who also had the day off, one game off the pace.

Los Angeles snapped San Diego's five-game winning string 12-4 and San Francisco outlasted Atlanta 7-5 in the only other games played Monday night.

Two scheduled American League games—California at Minnesota and Oakland at Milwaukee—were rained out.

The Mets wasted a strong defensive effort and effective relief pitching by Tug McGraw in Sunday's 5-4, 13-inning loss to St. Louis. But they hung close behind the Pirates, who blew a 3-2 verdict to the Cubs when Matty Alou dropped a two-out three-run Chicago rally.

Monday night, New York fell behind 4-0 as rookie Clyde Mashore ripped a two-run homer off Ray Sadecki in the second inning for his first major league hit and then singled in the fourth to ignite another two-run flurry.

Three walks, three singles and an error by third baseman Coco Laboy gave the Mets five runs in the fifth, but the Expos tied it against Frisella in the bottom of the inning on a walk, Mack Jones' pinch double and a sacrifice fly by Bobby Wine.

Jones' bloop double was the only hit off Frisella, who retired the last 15 batters he faced before leaving for a pinch hitter in the 10th.

Jerry Grote started the winning uprising with a single and pinch runner Rod Gaspar stole second. He took third as first baseman Ron Fairly booted Bud Harrelson's bunt, then was trapped in a rundown on Tommie Agee's tap to third. But catcher John Bateman's throw hit Gaspar in the hand, and he came on to score the tie-breaking run.

Wayne Garrett's run-scoring double, a walk, Ron Swoboda's sacrifice fly and Donn Clendenon's run-producing single completed the rally, enabling the Mets to square their season series against the last-place Expos at eight victories apiece.

The Dodgers softened up San Diego with a six-run salvo in the first inning and coasted home as Wes Parker drove in three more runs with a single and double. Parker, with 102 RBI, is the first Dodger to top 100 since Tommy Davis and Frank Howard, eight years ago.

Left-hander Claude Osteen survived 11 San Diego hits, including a three-run homer by Ivan Murrell in the ninth, for his 15th victory of the year.

Frank Johnson, a mid-game replacement for ailing Willie McCovey, lined a two run single off knuckleballer Phil Niekro in the sixth, keying a four-run rally that carried the Giants past the Braves.

Frank Reberger squared his pitching mark at 6-6 with help from veteran Don McMahon, who hurled perfect relief over the final 2 1-3 innings.

Tri-State Invitational Set For Atomic Track Thursday

Two 50-lap features with duplicate payoffs topped by a pair of $500 first prizes will be a new attraction for the third annual Tri-State Invitational for super-modified cars at Atomic Speedway Thursday night, Sept. 17.

A purse of $3,750 has been provided for the season finale for the modified cars in the third super-special race of the year. Atomic Speedway will close its season Saturday night, Sept. 19, with a super-stock special.

In a complete alteration of the usual format for the special events Atomic has changed the usual 100-lap non-stop feature to twin 50-lap features for the 20 fastest cars. There will be identical payoffs starting with the two $500 awards for first places.

For the first 50-lap segment the fastest car will be on the pole. The order in which they finish will be inverted for the second 50-lapper to be run promptly after a 15-minute intermission.

A special bonus of $200 will go to any driver winning any two of the three features in the Tri-State Invitational or in the Shine Championship race at Skyline Speedway Sept. 18. The bonus will increase to $300 if the same driver wins the features at Wayne County Speedway Sept. 20.

Bob Morgan of Chillicothe won't be able to defend his championship in the race because of a fractured leg in a freak mishap at the speedway several weeks ago. Ralph Quarterson of Sharon, Pa., winner of the first event in 1968 and of the Atomic 100 this year, is expected to compete in Atomic's 15th super-special over a seven-year span.

Sam Erwin and Audie Swartz of the Portsmouth area and Junior Smalley and Spike Spears of the Chillicothe area are among the previous big winners expected to enter. A dozen feature winners for the season will help make a wide open race for the richest purse of the year.

Stanford Jumps In 1st Grid Poll

By HERSCHEL NISSENSON
Associated Press Sports Writer

Stanford's dramatic 34-28 victory over Arkansas last Saturday accounted for the only two changes today in The Associated Press' first weekly poll of the regular season.

The Indians jumped from 10th to fourth, supplanting the Razorbacks, who fell to 11th but are still very much within shooting distance of the Top Ten. Missouri, which walloped Baylor 38-0, rose from 11th to 10th, the only newcomer in the Top Ten.

Ohio State and Texas, which were idle, and Southern California, a 42-21 victor over Alabama, retained the first three spots, but the Trojans are right on the heels of Texas' defending national champs.

Twenty-four of the 40 football writers and broadcasters who participated in the poll cast their first-place votes for Ohio State, which accumulated 728 points. Texas had six No. 1 votes and 657 points while Southern Cal was the top choice of seven voters but managed only 644 points. The other three first-place votes went to Mississippi, Penn State and Michigan.

Rounding out the Top Ten behind No. 4 Stanford are Ole Miss, Notre Dame, Penn State, Michigan, Nebraska and Missouri.

The Second Ten consists of Arkansas, Louisiana State, Kansas State, Florida, Houston, UCLA, West Virginia, Oklahoma, Georgia and Arizona State.

Alabama; South Carolina, a 23-20 loser to Georgia Tech, and Auburn, which hasn't opened yet, fell from the Second Ten while Georgia, which also hasn't played yet, moved in. There was a three-way tie for 20th in the preseason poll.

The Top Twenty teams, with first-place votes in parentheses and total points. Points tabulated on basis of 20-18-16-14-12-10 9-8 etc.:

1.	Ohio State (24)	728
2.	Texas (6)	657
3.	So. California (7)	657
4.	Stanford	481
5.	Mississippi (1)	432
6.	Notre Dame	364
7.	Penn State (1)	316
8.	Michigan (1)	307
9.	Nebraska	299
10.	Missouri	260
11.	Arkansas	148
12.	Louisiana State	139
13.	Kansas State	134
14.	Florida	94
15.	Houston	91
16.	UCLA	70
17.	West Virginia	44
18.	Oklahoma	40
19.	Georgia	21
20.	Arizona State	16

World Weightlifting Championship Held

COLUMBUS, Ohio (AP) — Former European titlist Mecislav Nowak of Poland hoisted a total of 865 pounds Monday to capture the featherweight crown in the 1970 World Weightlifting Champions at Ohio State University.

The 33-year-old-father of two, who won the European championship in 1965 and was second as a bantam this year, pressed 281 pounds, lifted 253½ in the snatch and had 330 in the clean and jerk.

America's Cup Yacht Race Starts

NEWPORT, R. I. (AP) — Yachting's World Series starts today under predicted weather conditions that may make them all wish they were water skiing in the Bahamas.

Rain and cool northeasterly weather blew over the America's Cup course off shore Monday and similar conditions are predicted for the 21st defense of sports' oldest monopoly, the American retention of the trophy they have held since 1851.

Cleveland Indians Face Detroit Tigers

CLEVELAND, Ohio (AP) — The Cleveland Indians, who were idle Monday, begin a three-day series tonight against the Detroit Tigers.

The Indians have only 15 games remaining, including nine against the Tigers and Boston Red Sox, and would need 10 victories to end up with a .500 winning percentage.

The Indians, in fifth place in the American League East, could finish as high as third with a strong finish since the Tigers and Red Sox are only 4½ games ahead in a third place tie.

Hope House Golf Match Set Today

CINCINNATI (AP) — Jack Nicklaus, who just won the World Series of Golf at Akron, participates today with celebrities Bob Hope, Perry Como, Glen Campbell and Mike Douglas in an exhibition golf match for the Hope House.

Nicklaus also played in the event here in 1968.

Planners of this year's match and a banquet hope to raise at least $75,000 for operation and expansion of the Hope House for youths with problem back-grounds.

Maketewah Country Club is the site.

Meet The Mustangs

Red Machine Opens Drive At Houston

HOUSTON (AP)—The Cincinnati Reds, humbled by the San Diego Padres, hope to bounce back when they open a two-game series tonight against Houston.

The Reds dropped three straight games over the weekend to the Padres who occupy the cellar in the Western Division of the National League. The Reds could clinch the division title during the brief stand before moving to Atlanta Friday night.

The Reds had the day off Monday.

They needed time to recuperate after the San Diego series as Cincinnati Manager Sparky Anderson thought that "our guys would come into San Diego and wipe them out. It's amazing, truly amazing. It's unbelievable. I can't see how we can be beaten by a bottom team 10 times in 18 games. It can't be."

A sign hanging in the Padres' locker room had prophesized, "Sparky Won't Drink Champagne In Our Town.

Third baseman Tony Perez said that "they fool us. They had the wrong uniform on. That was the old Yankees out there, not the Padres."

"We make every pitcher they have into a Cy Young, and every hitter into a Babe Ruth," pitcher Jim Merritt added.

Jim McGlothlin, 13-8, is slated to start the first game against Larry Dierker, 13-12. Gary Nolan 16-7, will oppose Wade Blasingame, 3-2, Wednesday night.

Merritt, suffering from arm trouble, has been scratched from his scheduled start against Houston.

Columbia George Wins At Scioto Downs

COLUMBUS, Ohio (AP) — Columbia George took the lead just after the quarter pole and equalled a track record, winning the $17,000 Little Brown Jug trial Monday night at Scioto Downs in 1:58.

The mile time for the Good Time colt equalled the mark Henry T. Adios set at the suburban track in 1962.

Leander Lobell was second and Kentucky was third.

Columbia George, driven by Roland Beaulieau, scored his third straight victory, tuning up for next week's Little Brown Jug at Delaware, Ohio. Columbia George, owned by Mitzi Stable of Byram, Conn., has won 12 of 20 starts this season for nearly $200,000.

Cassius Clay Wins New York License

NEW YORK (AP) — Cassius Clay, fighting to fight, has scored another victory out of the ring by winning the right to a license in New York.

Federal Judge Walter R. Mansfield ruled Monday against the New York State Athletic Commission, which had refused to renew Clay's boxing license last Ort. 14.

It was the second key development for Clay within a week. Last Thursday he signed to fight Jerry Quarry Oct. 26 in Atlanta, the only place Clay now has a license to fight.

Steelers Pinning High Hopes On Bradshaw

By D. BYRON YAKE
Associated Press Sports Writer

PITTSBURGH (AP) — Terry Bradshaw.

The Pittsburgh Steelers are pinning their future on him, but the golden-haired rookie will likely get more offensive support from his teammates than preceding quarterbacks have for years.

The Steelers were 1-13 last season, reason enough to arouse hopes and dreams when a 21-year-old quarterback leads them to three successive pre-season victories.

Bradshaw, the top pro draft pick, seems to have more skills than just throwing a football with the precision and release of a rifle.

"In this case, it's leadership by example," says Steeler veteran Andy Russell. "He's doing it. He doesn't have to say anything."

"Now our football team knows it can win," Coach Chuck Noll said after the third victory. "All the pieces are falling into place."

Bradshaw is the cornerstone of the new Steeler structure, but Noll has made trades that should strengthen the total offense.

To buoy up an atack which last year scored only 218 points while the opposition was getting 404, Noll traded quarterback Dick Shiner to the New York Giants for running back John Fuqua and linebacker Henry Davis.

Both have made the starting lineup, although Fuqua is presently hampered with a sore leg.

The Steelers also acquired Preston Pearson, a running back who didn't reach his potential at Baltimore. After four exhibition games, Pearson was the Steelers' leading ground gainer with 190 yards in 40 attempts. Fuqua gained 166 yards in 30 tries, a 5.5 average.

Pearson came to Pittsburgh with safety Ocie Austin for linebacker Ray May.

In May's place, Noll has Chuck Allen, who at the age of 31 and with gimpy legs was a question mark but has done the job. He traded rarely used receiver Don Alley for Allen from the San Diego Chargers.

The Steelers also traded quarterback Kent Nix to the Minnesota Vikings for a 1971 draft choice.

That leaves the reins to Bradshaw, second year man Terry Hanratty and rookie Bob Leahy.

In four games, Bradshaw has completed 44 of 87 passes and thrown for one touchdown.

Against the New York Giants, on national television, Bradshaw completed 15 of 23 passes for 244 yards. The Steelers won 21-6. And at quarterback for the Giants was Shiner.

Noll also traded Roy Jefferson to Baltimore for Willie Richardson, a proven receiver who nevertheless may find himself beind the Steelers' second draft choice, Ron Shanklin, and Dave Smith, Dave Kalina and Hubie Bryant, also rookies.

Joe Greene and company—Lloyd Voss, Chuck Hinton and Ben McGee—still are the defensive line and a good one.

Andy Russell, the defensive co-captain and perhaps one of the most underrated defensive players in pro football, will combine at the linebacker spot with Davis and Allen. Jerry Hillebrand will also see a lot of action.

In the defensive backfield will be John Rowser, formerly of Green Bay, Chuck Beatty, Austin and Lee Calland.

Gene Mingo, who fought soccer-style kicker Alan Watson to the wire for the job, will be the Steeler kicker.

Punting will be handled capably by Bobby Walden, who averaged 42.3 yards last year.

There's one player almost forgotten—he's usually forgotten until the Steelers need crucial yardage—Dick Hoak.

Presently he and Warren Bankston are backing up Pearson and Fuqua. But Hoak can't be counted out.

Third baseman Aurelio Kodriguez, who has been swinging for home runs this season under Ted Williams in Washington, hit only seven in 159 games with the California Angels in 1969. He's only 22.

Bengals Cut 4 Players From Team

WILMINGTON, Ohio (AP) — The Cincinnati Bengals have waived four players—three veterans—to slice their squad to the 40-man limit for the opening of the National Football League season.

The Bengals meet the Oakland Raiders in Cincinnati Sunday.

Waivers were asked Monday on defensive back John Guillory, wide receiver Jack Gehrke, and defensive lineman Willie Jones; and rookie running back Pettus Farrar. Farrar was picked up from San Diego last week. He was the Chargers' fifth-round draft choice from Norfolk State.

Jones was only one of four of the original Cincinnati Bengals left from the American Football League expansion draft in 1968. The others are tackle Ernie Wright, guard Pat Matson and cornerback Fletcher Smith.

Reflecting on the Bengals exhibition record this year, Coach Paul Brown said, "We got all the value out of it we could get."

The Bengals finished 2-3-1. As far as the regular season goes, Brown said "It'll be just as good as the quarterbacks can make it." He was referring to how Sam Wyche, Virgil Carter and Dave Lewis can perform. Cincinnati's starter last year, Greg Cook, is out for the season with a shoulder ailment.

In Memoriam

In loving memory of our beloved Mother, Vessie Holbrook, who passed away one year ago today.

You were always there when we needed you
So loving, tender and kind.
The whole world could be searched over
But a better mother no one could find.
Oh, if we could only have you back
But we realize God knows best.
You suffered so terribly here on this earth
And now we know you are at rest.
If anyone ever deserved a mansion in Heaven
Mother Dear, we know it's you.
We've heard you praying both night and day
To the Good Lord you were to true.
So rest, Precious Mother, rest
Your life on here on earth is done
The Good Lord has given you your just reward —
Your new life has begun!

Sadly missed by the family.

ORDINANCE NO. 61-70

GRANTING TO MULTI-CHANNEL CABLE COMPANY THE RIGHT TO ERECT, MAINTAIN AND OPERATE IN, UNDER, ABOVE, ALONG, ACROSS, AND UPON THE STREETS, ALLEYS AND OTHER PUBLIC PLACES IN THE CITY OF CIRCLEVILLE, OHIO, FOR THE PURPOSE OF TRANSMITTING AND DISTRIBUTION OF TELEVISION SIGNALS TO ENABLE SALE OF THEIR SERVICES TO THE INHABITANT OF SAID CITY FOR A PERIOD OF FIFTEEN (15) YEARS; PROVIDING FOR REGULATIONS THEREOF, SETTING OF RATES AND FEES TO BE PAID TO THE CITY.

Be it ordained by the Council of the City of Circleville, State of Ohio:

SECTION 1. Grant of Authority — that there be and is hereby granted by the City of Circleville, Ohio, to the Multi-Channel Cable Company, a corporation organized under the laws of Ohio, hereinafter called the licensee, the right and privilege for a period of fifteen (15) years, to construct, erect, operate and maintain in, upon, along, across, above, over and under the public ways and public places now laid out or dedicated and all extensions thereof and additions thereto in the City of Circleville, Ohio, poles, wires, cables, conduits, manholes, and other conductors and fixtures for the installation, maintenance and operation in the City of Circleville, Ohio, of a coaxial cable system for the interception, sale and distribution of television and other signals and to furnish, sell and distribute such services twenty-four (24) hours each day, if available, to the inhabitants of the City of Circleville, Ohio, said distribution and sale of television and other signals shall be in accordance with the provisions as set forth herein and in compliance with the laws and regulations of the United States of America, the State of Ohio, and the City of Circleville, Ohio.

SECTION 2. Conditions of Street Occupancy — The Licensee shall use existing poles, towers or other existing facilities wherever possible, and the use of such facilities shall conform to the pattern of public utility wires with the City of Circleville by being placed in off street locations and underground if, when and where such public utility wires are so placed. It shall be the sole responsibility of the licensee to negotiate and enter into any and all contracts, covenants, grants, certificates of approval and permits with the owners of public utility facilities to secure such necessary space thereof or therein for its opertion under this ordinance. It is the stated intention of the City of Circleville, Ohio, that all other holders of public utility permits and franchise for the use of streets and other public places for the erection of poles and pole line facilities shall co-operate with the licensee wherever possible at reasonable, non - discriminatory charges wherever such usage does not interfere with normal operations of such facilities.

However, the City of Circleville does not warrant nor guarantee to the licensee that the poles or other facilities of any public utility are, or will be, made available to the licensee.

In the event that the licensee shall fail, refuse or neglect to procure such contracts, grants, certificates of approval and permits within six months after passage of this ordinance, the City of Circleville may terminate the rights granted immediately and all rights of the licensee hereunder shall immediately cease and terminate.

The licensee shall not erect a separate system of poles in the City of Circleville, Ohio, or on the street, alleys or public places therein, but said licensee may erect poles where shown to be necessary where the necessity, the location, and the style of poles have been approved by the City Planning Commission and the Director of Public Service of the City of Circleville, Ohio. The erection of poles shall be subject to all existing and future ordinances and the regulations of the City of Circleville, Ohio, applicable thereto, and that the licensee accepts their grant herein subject to such rights of the City of Circleville to amend, change, repeal, or enlarge their existing planning and zoning regulations.

The licensee's transmission and distribution system, poles, wires and appurtenances shall be located, erected and maintained so as not to endanger or interfere with the lives of persons, or to interfere with inmprovements the City may deem proper to make, or to unnecessarily hinder or obstruct the free use of streets, alleys, bridges, or other public property. Any relocation of cables, poles, and other facilities and property of the licensee, on account of improvements by the City of Circleville, shall be done by the licensee within a reasonable period of time after notice has been received.

Construction and maintenance of the transmission distribution system shall be in accordance with the provisions of the National Electrical Safety Code of the National Board of Fire Underwriters, the Federal Communications Commission and such other applicable ordinances and regulations of the City of Circleville, Ohio, the State of Ohio, and the United States Government affecting electrical installations and television transmission, which may be presently in effect, or changed by future ordinances, regulations, or statues.

All installations of equipment shall be of permanent nature, durable, and installed in accordance with good engineering practice, and of sufficient height to comply with all existing regulations, ordinances, and statutes so as not to interfere in any manner with the right of the public or individual property owner, and shall not interefere unduly with the travel and use of public places duringing construction, repair, or removal thereof and shall not unduly obstruct or impede traffic.

The said grantees shall replace all streets, alleys, sidewalks, public grounds and public places on and in which any work shall be done under the provisions of this ordinance in as good order and condition as the same were before the doing of such work, and in conformance with all specifications of the Director of Public Service.

SECTION 3. Licensee's Liability and Indemnification — The license is granted upon the condition that the licensee shall fully indemnify, protect and save the City of Circleville, Ohio, harmless from any and all loss or damage, including attorney fees and investigative costs, arising out of, or claims for injury or death of any person or persons, or damage to any property or property rights incurred by or asserted against the City of Circleville, Ohio, its officers, agents, employees, sub-contractors, or servants directly or indirectly, on account of or by reason of any neglect, fault or misconduct, or failure on the part of the licensee to observe and comply with the conditions or provisions of this ordinance, or by reason of the type of service which licensee renders.

For this purpose the licensee shall carry insurance to protect the parties hereto from and against all claims, demands, actions, judgments, costs, expenses and liabilities, which may arise or result, directly or indirectly, from or by reason of such loss, injury or damage. The amounts of such insurance against liability due to damage to property or property rights shall be not less than $50,000.00 as to any one occurrence; and against liability due to bodily injury or to death of persons not less than $100,000.00 as to any one person and no less than $300,000.00 as to any one accident. The licensee shall also carry Ohio Workmen's Compensation for all its employees subject to such coverage.

All insurance required by this ordinance shall be and remain in force and effect for the entire life of this ordinance. Said policy or policies of insurance or a certified copy or copies thereof shall be approved by the City Solicitor and be deposited with and kept on file in the office of the City Solicitor. It is further provided that no such policy or policies of insurance may be cancelled or terminated by the company or companies without a fifteen (15) day prior notice in writing to the City of Circleville, Ohio. A certified copy of compliance with the Workmen's Compensation laws of Ohio shall be filed with the City Solicitor annually.

SECTION 4. Interference — the licensee shall expressly warrant that no interference to off-the-air reception by any person, whether subscriber or non-subscriber, will be caused by its operation, and that the licensee shall prevent radiation from licensee's cables and equipment to the antennas in the City of Circleville, Ohio.

The licensee shall further warrant and agree that the signals of all local television stations will be carried on the cable and equipment without receiving any interference, including interference from signals of other broadcast stations. Further, the licensee shall not in any manner alter, modify, change or interfere with the program of any television station as telecast. This clause shall not be interpreted to restrict the licensee from selecting such out of town channels as may be desirable for program diversification.

In the event licensee's operation should interfere with existing reception or radiation should exist from licensee's cables to the antennas in the City of Circleville, and the same is not corrected within a reasonable time after licensee shall have been notified of such fault, then and in that event, the Council of the City of Circleville, Ohio, may terminate this license without regard to the terms of this license.

The licensee shall make available, at the licensee's cost, such switching devices as are necessary to permit a subscriber to use own antenna. No subscriber - owned antennas shall be removed by the licensee except upon written request by the owner nor shall the licensee require as a condition precedent to the services described herein that the subscriber remove his privately-owned antenna.

SECTION 5, Maps and Plans — The licensee shall furnish to the City of Circleville, maps or prints showing its pole line system in sufficient detail to assure that the City is currently advised as to the location of the cables of the system. It shall be the responsibility of the licensee to keep the City of Circleville, Ohio, informed of any and all changes, additions and removals in the system, except for the individual subscriber connection wires.

SECTION 6, Licensee Fee to the City and Keeping of Records — The licensee, for the right and privilege contained herein, shall pay to the City of Circleville, Ohio, a minimum fee of Six Hundred Dollars ($600.00) per year payable in advance, plus three per cent (3 per cent) of gross receipts arising from charges for service to patrons of the City of Circleville, Ohio, for gross receipts up to and including One Hundred Eight Thousand ($108,000.00) Dollars, and five per cent (5 per cent) of gross receipts arising from charges for services to subscribers of the City of Circleville, for gross receipts over and above One Hundred Eight Thousand ($108,000.00) Dollars. Provided, however, the excise portion of the license fee provided for herein shall be due and payable on the last day of February of the year following the year for which the excise portion of the license fee provided for herein shall be due and payable This payment in no way relieves the licensee from its obligation to pay property, income, or other taxes levied on a non-discriminatory basis.

The renegotiation provisions of Paragraph (2), Section 8, are applicable to the licensee fee herein provided.

The initial license payment of Six Hundred Dollars ($600.00) and acceptance of this agreement by the licensee shall be written sixty (60) days after the passage of this ordinance.

The licensee shall furnish annually to the City of Circleville, Ohio, a detailed report of its operation for the preceding year showing the total number of subscribers served, the rate charged, and the gross income during such period. Further, the City shall have access to inspect, examine and audit the financial records of the licensee.

SECTION 7. Time Limit for Commencing Operation — Within twelve (12) months of the passage of this ordinance, the licensee shall show evidence of having commenced construction of the facilities necessary for the operation of the system granted by this ordinance and failure to so show such construction shall be grounds for the termination of the contract as provided for by this ordinance. The term "having commenced construction of the facilities", as used herein, shall mean physical evidence of antenna erection and coaxial cable installation of poles with a minimum of twenty-five (25) paid subscribers who are receiving service.

SECTION 8. Rates and Service Required — When this license takes effect, the licensee shall have authority to charge and collect the schedule of installation charges and rates contained herein. A rate charge by the licensee in excess of those set forth herein shall be cause for termination of the license.

The rate structure and terms of this ordinance are subject to review and renegotiation at the end of the first four (4) year period and each four (4) year period thereafter, at the option of either party. If either party elects to review and renegotiate the rate structure of this ordinance at the end of the first four-year period, or at the end of any four (4) year period thereafter, and the parties are unable to agree on the rate to be charged, then each of said parties shall select one arbitrator and the two arbitrators so selected shall select a third arbitrator and the three arbitrators so selected shall fix and determine the rate structure for each ensuing four (4) year period. As the basis for fixing said rate structure the arbitrators shall be guided by the rates charged, the amount of invested capital, the total gross revenue in relation to the actual cost plus a fair rate of return on invested capital (taking into consideration the type of risks involved), as experienced by members of the industry in other cities in this state and other states for comparable service. The findings of said arbitrators so chosen shall be final and binding upon the parties hereto, and licensee agrees to charge the rates as determined by said arbitrators. Any arbitration pursuant to this section shall be in accordance with Chapter 2711, Revised Code of Ohio.

The scheduled attachment fees shall include that material and labor necessary to make a normal-type connection from the licensee's lines to the subscriber's receiver The charge for other than normal-type connections, such as, but not limited to, special and concealed outlets and buried lines, shall be such as agreed upon by the subscriber and the licensee. There shall be no charge for disconnections. The maximum rates shall be as follows:

(a) Charge for initial attachment for each outlet: ten dollars ($10.00).

(b) Monthly charges for domestic service for the first outlet in a single family residence: five dollars ($5.00): for each additional outlet to the same family residence, for the immediate family, on the same premises: one dollar ($1.00).

(c) Monthly charges for other than domestic service, such as, but not limited to, hotels, motels, hospitals, restaurants, and taverns, for the first outlet: five dollars ($5.00): for each additional outlet for the same non-domestic subscriber on the same premises: two dollars ($2.00).

All fees and charges abovementioned are exclusive of any tax or taxes whatsoever assessed or assessable against the scheduled installations or services.

Subscribers shall operate only one receiver at a time from each outlet installed by the licensee, and shall refrain from tampering with the installation in any way. The licensee shall have the right to discontinue service to any subscriber tampering with the installation or any related equipment or attempting in any way to use the licensee's service except as intended by the licensee. The subscriber found violating these conditions shall not be entitled to any rebate or other considerations by the licensee.

Subscribers to the licensee's service shall not be required to assure the licensee that they will subscribe to the licensee's service for any specified length of time.

The licensee may at any time make its charges less than the maximum rate herein set forth without being liable to rebate any charges that have accrued, provided, however, that should the charge be lowered, that they shall be uniform to all subscribers as a class.

The licensee may make attachments for their services in any part of the City of Circleville, Ohio, this license not being limited to any particular part or parts of the City. However, the licensee shall not be compelled to extend its facilities to serve any particular prospective subscribers, it being believed that the prospective subscriber profits will sufficiently regulate the licensee in this regard. However, the licensee shall be compelled to inform the Mayor or other duly authorized city official(s) of the reason or reasons for the licensee making its service available in particular sections of the City of Circleville while the licensee's services are not available in other sections of the City. In the event that the reason or reasons are not sufficient or proper, in the opinion of the Mayor, or other duly authorized city official(s) the licensee shall make such installation or installations within thirty (30) days after written demand has been made upon them.

As an alternative, the licensee may provide service with no installation charge at a monthly fee of five dollars fifty cents ($5.50) for the first outlet in a single family residence, and one dollar twenty-five cents ($1.25) for each additional outlet to the same family residence on the same premises.

In the event of interruption or discontinuance of service without fault or neglect of the subscriber for a period in excess of seventy-two (72) hours, the licensee shall refund or give credit to the subscriber for the period of discontinuance or interruption in excess of seventy-two (72) hours. Whenever it is necessary to shut off or interrupt service to make repairs, adjustments installations or for any other purpose, the licensee shall do so at such time as will cause the least amount of inconvenience to its subscribers and, unless such interruption is unforeseen and immediately necessary, it shall give reasonable notice thereof to its customers.

The licensee shall furnish upon request one free connection and service for all charitable institutions, public and parochial schools within the City of Circleville, and shall provide free connection and service to City firehouses and police departments.

SECTION 9, Signal Service Requirements — All signals furnished by the licensee shall be of the highest quality permitted by the technical state of the art and shall consist of reasonable clear signals from at least eight (8) television stations and from at least three (3) different networks, subject to the exception that the licensee shall comply with the rules and regulations of the Federal Communications Commission relative to the operation and transmission of such.

Signal level shall be maintained at no less than 1,000 micro-volts as measured by a standard field strength meter (Jerrold or equivalent) across a 300 ohm termination at the point the receiver is normally connected on all utilized channels without material degradation either in color or black and white throughout the system. Further, the signal-noise ratio for each visual signal shall be at least minus 40 decibels.

SECTION 10. Assignability — the rights and privileges herein granted shall not be assignable nor transferable in any bankruptcy proceedings, trusteeship, receivership, of by operation of any law, and in which event this license shall terminate forthwith, nor shall the licensee sell, lease, assign, or otherwise alienate this license or any privilege hereunder without the prior approval of Council of the City of Circleville, Ohio, and subject to such terms and conditions as Council may provide.

SECTION 11. Non-Exclusive License — All rights granted herein are not exclusive and the City of Circleville, Ohio, reserves the right to grant identical or similar rights to any person at any time. No property right in this license shall vest with the licensee and this license shall not be construed to create any right beyond the terms, conditions, and periods of this license.

SECTION 12. Compliance with Laws — The licensee agrees, as part of the consideration for the granting of this license, to comply with the applicable ordinances of the City of Circleville, Ohio, relative to the payment and withholding of taxes from income, salary, wages and compensation.

SECTION 13. Maintenance of Office and Repair Facilities in the City — The licensee shall maintain an office in the City of Circleville, Ohio, and provide full-time service facilities and personnel for system failures on a 24-hour, 7 days per week basis. Individual service calls which relate to other causes other than the system shall be made within the hours from 8:00 a.m. to 5:00 p.m. 6 days per week.

SECTION 14. Local Service Channel — The licensee shall provide a local service channel for weather information, time, public service announcements and background music.

SECTION 15. No competition for Sales and Service of Television Sets — The licensee shall agree in writing that it will not in any manner, form or guise whatsoever, engage, directly or indirectly, in any business or enterprise relating to the sale, barter, service or repair of television sets, accessories or parts except as herein provided; that said licensee will not, in any manner, make any recommendations, whether solicited or not, to its subscriber or to the public-at-large, relating to the quality or to any feature of the service or repairs offered by any person or persons engaged in a television and accessory sales and service.

SECTION 16. Condition of Acceptance — This Ordinance when passed by the Council of the City of Circleville, Ohio, and accepted by Multi-Channel Cable Company shall upon such passage and acceptance, be and become a valid and binding contract upon the City and Multi-Channel Cable Company, subject, however, to the condition that this Ordinance shall be void unless said Multi-Channel Cable Company shall within sixty (60) days after the passage of this Ordinance agree in writing to the terms, conditions and provisions as set forth herein.

SECTION 17. Bond Requirements — At the time this ordinance becomes effective, the licensee shall furnish a bond to the City of Circleville, Ohio, in the amount of three thousand dollars ($3,000.00) in such form and with such sureties as shall be acceptable to the City, guaranteeing the faithful performance of all the obligations of the licensee under the terms of this license.

The licensee's performance of its obligations under this license shall be conditioned upon the licensee receiving such license or grant as may be necessary to the performance of this ordinance, from duly constituted agencies of the Federal Government or the State of Ohio, and pole use privileges from public utilities, which licenses or grants the licensee agree to apply for immediately upon its acceptance of this ordinance.

SECTION 18. Surrender or Revocation — Surrender, by the licensee, of the license herein provided shall be preceded by a written notice of its intention to do so at least three (3) months before the surrender date. On the surrender date specified in such notice, all of the rights and privileges and all the obligations, duties and liabilities of the licensee under this Ordinance, except as to the extent previously accrued hereunder, shall terminate. This license may be terminated by the Council of the City of Circleville, Ohio, upon failure of the licensee to perform or comply with the terms and conditions as set forth herein.

In the event of any violation, either inadvertent or otherwise, of the terms of this ordinance by the licensee is not corrected within thirty (30) days after written notice from the City of Circleville, Ohio, the City of Circleville may revoke this license.

Upon termination of the permission hereby granted, the licensee shall forthwith remove all of its attachments and equipment from the streets, alleys, and public places of the City of Circleville, Ohio, and upon failure to do so, the City of Circleville, Ohio, may make such removal at licensee's cost and expense.

SECTION 19. Bankruptcy or Insolvency — In the event that the licensee should become insolvent, bankrupt, or placed into receivership, the City of Circleville, Ohio, may declare said license terminated by giving the licensee, his trustee or representative, written notice to that effect.

SECTION 20. No limitation on City for Subsequent Legislation — The right is hereby reserved to the City of Circleville, Ohio, to adopt, in addition to the provisions herein contained and existing applicable ordinance, such additional regulations as it shall find necessary in the exercise of the police power provided that such regulations, by ordinance or otherwise, shall be reasonable, and not in conflict with the provisions of this license.

SECTION 21. Separability — If any section, sentence, clause or phrase of this ordinance is for any reason held illegal, invalid, or unconstitutional, such invalidity shall not affect the validity of this ordinance and any portion in conflict are hereby repealed.

SECTION 22. Enactment — this ordinance shall go into full force and effect at the earliest period allowed by law.

NOTICE OF SALE OF BONDS

Sealed bids for the purchase of $14,500 bonds of the Village of Ashville (herein referred to as the issuer) in the County of Pickaway, Ohio, will be received by the undersigned officer at his office in the Village Hall, the address of which is 160 N. Long Street, Ashville, Ohio 43103, until 1:00 o'clock p.m., Eastern Standard Time in Ohio (Fast Time) on the 8th day of October, 1970, at which time the bids will be opened and read publicly. Bids for the bonds, which were authorized by legislation passed September 14, 1970, shall be sealed and endorsed "Water Line Extension Bonds," and each bid shall be made only for all or none of such bonds.

It is contemplated that the bond issuing authority will meet at 7:30 o'clock p.m., on the 8th day of October, 1970, to consider the bids and make an award.

The bonds will be dated the first day of October, 1970, will be in the denomination of $1,000 each, except bond No. 1 in the denomination of $1,500, shall draw interest payable semi-annually on the first days of June and December of each year, beginning June 1, 1971 at the rate of seven per centum (7 per cent) per annum. Anyone desiring to do so may present a bid for said bonds based upon their bearing a different single rate of interest, but not in excess of 8 per cent, provided that where a fractional interest rate is bid, such fraction shall be one-eighth of one percent or a multiple thereof. Split rate bids and bids with supplemental coupons will not be considered.

The bonds mature as follows:
$1,500 on December 1, 1972,
$1,000 on December 1 in each of the years from 1973 to 1975, inclusive, and
$2,000 on December 1 in each of the years from 1976 to 1980, inclusive.

The bonds are issued in anticipation of the collection of special assessments heretofore levied to pay the costs of constructing water lines, water curb connections and all necessary appurtenances in Powell Street and certain other streets and easements in Master Homes Subdivision No. 1.

The bonds are payable, without deduction for the services of the issuer's paying agent, at the legal depository of the issuer, presently The Ashville Bank, 18 North Long Street, Ashville Ohio, and are supported by limited taxes.

The bids will promptly be considered, and the bonds will be sold to the highest bidder offering the lowest interest rate at not less than par and accured interest. The lowest interest rate will be determined by calculating the total interest to stated maturity at the rate bid and deducting therefrom any premium bid. If each of two or more bids is the highest bid offering the lowest interest rate, the bonds will be awarded on such one of the highest bids as is chosen by lot. All bids must be accompanied by cash, bank cashier's or official's check or certified check payable to the issuer, or any combination thereof, aggregating one percent of the par amount of the bonds, upon the condition that, if the bid is accepted, the bidder will receive and pay for the bonds in accordance with the terms and provisions of this notice. No bank bidding for the bonds shall file its own cashier's or official's check, nor a check certified by it. Such security shall be held by the issuer unused pending delivery of the bonds and forfeited as full liquidated damages in the event of default by the successful bidder.

The proceedings for this issue have been taken under the supervision of Squire, Sanders & Dempsey, Bond Attorneys, Cleveland, Ohio, whose approving opinion may be obtained by the successful bidder at his expense and will be printed on the bonds at the issuer's expense. A complete transcript of proceedings and the printed bonds will be furnished by the issuer, together with a certificate showing no litigation pending or threatened at the time of the delivery to enjoin delivery or to contest the validity of the bonds or the power to issue them or the levy or collection of taxes for their payment.

In the event that, prior to their delivery, the interest on the bonds should by act of Congress or otherwise become subject to federal income taxes, or any act of Congress should provide that the interest income on the bonds shall be taxable at a future date for federal income tax purposes, whether directly or indirectly, the successful bidder may refuse to accept delivery and in such event his bid security shall be returned without interest.

The bonds shall be delivered for payment within the State of Ohio to the successful bidder or to a bank designated by the successful bidder without charge. If delivered at a place outside the State of Ohio, the successful bidder shall pay the expense of delivery at that place. The expense of delivery within the State of Ohio shall not be considered in determining the highest bidder.

Before making tender of the bonds at the place of delivery, the issuer shall give written notice to the successful bidder not later than the third business day before the proposed tender, of the fact that the bonds, transcript, no-litigation certificate and approving opinion will be available for delivery and giving the date and hour for the tender at the place of delivery, provided, however, that nothing herein contained shall prevent the making of a mutually agreeable arrangement for the delivery of the bonds either at the place fixed for delivery or elsewhere.

If such notice has not been given by the issuer or waived by the successful bidder and the bonds, transcript, no-litigation certificate and approving opinion are not available for delivery to the successful bidder at such place of delivery on or before 12:00 o'clock noon of the 30th calendar day after the day fixed for the receipt of bids, and the successful bidder shall not be in default of any of his obligations, he shall have the right thereafter, and so long as no such tender by the issuer shall yet have been made, to cancel the contract of purchase. Any such right shall be exercised by delivering written notice of such cancellation to the undersigned or to the office of the undersigned during business hours. Such bidder shall thereupon be entitled to the return of the deposit which accompanied his bid and it shall be returned to him immediatey.

The right is reserved to reject bids.

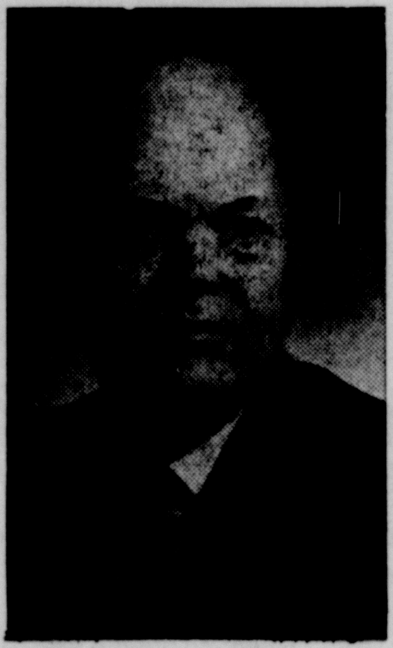
CANDIDATES — Pickaway County Democrats held a breakfast for John J. Gilligan, candidate for governor, Tuesday at the Pickaway Arms. Pictured are some of the Democratic candidates for office. From the left, Delbert Remy, county commissioner, Myrl Shoemaker, incumbent state representative, Gilligan, and Manley L. McGhee, congressman from the 15th district. The breakfast was under the direction of Rojer Bowers, chairman of the Pickaway County Citizens for Gilligan, and Hazel Yeatts, co-chairman.

Petroleum Economist Guest Speaker At Kiwanis Club

Oil from the North Slope of Alaska will "buy time" for the United States but will not fill all of this nation's future energy needs, a petroleum economist told the Circleville Kiwanians at their Monday meeting.



BENTLEY BURR

Guest speaker W. Bentley Burr, research associate of Marathon Oil Company's economics division, said finding and developing oil at the top of the world "has certainly provided the petroleum industry with one of its greatest challenges."

According to Burr, "Demand for petroleum is increasing rapidly" and by the end of the century "consumption in this country will jump from its present level of 13 million barrels a day to over 26 million barrels daily."

The North Slope discoveries will give our domestic reserves "a healthy shot in the arm for a short haul." "But," Burr added, "the United States must keep existing tax incentives and a meaningful import program to meet future requirements."

* * *

MORE than 40 oil companies bid for the right to search for oil on the North Slope last September. "When the bids were opened and high offers tabulated, Alaska was richer by about one-billion dollars — or about $2,000 an acre," he noted.

The successful bidders received "what might be called oil-hunting licenses. And, as with conventional hunting licenses, there is no guarantee that they will find what they are looking for." Burr said that Marathon, a Findlay-based oil company, along with its partners obtained leases on 13 tracts with bids totaling $152 million. Marathon's share of the cost was 33 million.

The Kiwanis Club was told oilmen are fighting temperatures as low as 70 degrees below zero. "Like front-line soldiers, drilling crews must be rotated — in this case to Fairbanks for rest and relaxation," Burr mentioned. "Typically, drillers work 12 hours a day, seven days a week for one month and are then flown to Fairbanks for two weeks R R."

Burr used color slides to visually depict the North Slope drilling activities; the historic voyage of the converted tanker SS Manhattan through the fabled Norhwest Passage, and plans to build pipe lines from the North Slope to the southern part of Alaska and through Canada to the lower 48 states.

Kiwanis Club program chairman, "Doc" Owens, introduced the guest speaker.

Burr, a 1938 graduate of Allegheny College, resides in Findlay. He is president of the Hancock County Mental Health Association, chairman of the Hancock County Home Health Agency, and secretary of the Board of Mental Health and Retardation.

Harrison Twp. PTA To Meet Thursday

Harrison Twp.-Ashville Parent-Teacher Assn. will hold their first meeting of the 1970-71 school year at 7:30 p.m. Thursday in the Ashville Elementary auditorium.

An executive board meeting will be held a half hour prior to the regular business meeting in the auditorium. All officers are asked to attend this session.

Federal . . .

(Continued from Page 1)

but were promptly blocked by a special act of Congress imposing a two-year wage settlement. The earlier dispute was different in that Nixon had already used up his 60-day strike delay before the courts and Congress intervened.

Usery, in urging a voluntary settlement, noted Luna's union had threatened another nationwide walkout Sept. 23 in the long dispute over the elimination of locomotive firemen's jobs and that other unions representing engineers and signalmen would also be coming up for new contracts soon.

The Nixon administration has been seeking to cut down on the recurring string of rail strike crises that tend to drag out for months and even years under the provisions of the 1926 Railway Labor Act.

The administration has urged Congress to enact Nixon's proposed emergency disputes legislation that would revamp the Railway Labor Act and give the government additional weapons to deal with strike threats.

Library Audit Done

The audit and examination of the Pickaway County Public Library has been completed it was announced today by Roger Cloud, Auditor of the state.

The examiner's reports are open to public inspection and may be seen at the office of the clerk of the library board on Thursday.

Cast Picked For Roundtown Production

The Roundtown Players of Pickaway County are rehearsing for their presentation of Noel Coward's "Blithe Spirit."

The cast includes Marilyn Orr, Tom Matesky, Dot Eck, Diane Berger, Betty Sowers, Wally Higgins and Jane Resler.

This fast moving comedy is being directed by Angelo Dragonette, who is assisted by Wes Jones. Technical direction will be handled by Rosa Dountz.

"Blithe Spirit" will be presented in Memorial Hall on two weekends, 8:30 p.m. Oct. 2, 3 and 9, 10. Tickets may be reserved by calling the box office, 474-1012, evenings.

Church Plans Homecoming, Rally Day

Homecoming and Rally Day will be observed Sunday at the Church of the Brethren, S. Pickaway and Logan Sts.

Beginning at 9:30 a.m. Sunday School will be conducted for all ages. The sermon theme for the 10:30 divine worship service will be "Stir Up." In this service the oldest and youngest member present, according to their Christian birthday, will be honored along with the couple with the largest family present.

A basket dinner will be served 12:30 p.m. At 2 p.m. a song fest with congregational singing, special music, and vocal and instrumental slections will be held. Former and present friends and members of the church will spend time in reminiscing.

The public is invited to attend the events.

22nd Annual GE Employes Picnic Held

Approximately 2150 General Electric employees and guests attended the 22nd annual Circleville Lamp Plant Picnic, held Sept. 12, at Zoo Park in Columbus, according to E. G. Grigg, plant manager.

Activities of the day included free rides for everyone in the park's major amusement rides, free soft drinks, candy and coffee, and drawings for door prizes. Bingo was played and enjoyed by several hundred of the employees and guests from 1 to 4 p.m. in the ballroom.

At 4, the picnic was climaxed by the drawings for GE small appliances. Grand prize was the winner's choice of one of four GE products, including a clothes dryer, mobile dishwasher, portable TV, or room air conditioner. The grand prize was won by Roberta Shaw, who chose the clothes dryer.

Small appliances were won by the following GE employees: Alice Valentine, coffee maker; Sarah Jackson, portable mixer; Theda Price, heating pad; Mary Jane Shoemaker, toaster; Richard Cattran, can opener; Sharon Elder, kitchen clock; Ruth Ann Detty, manicure set; Dean Good, alarm clock; Pahl Tussing, hair setter; Lyman England, power drill; Carolyn Maple, table radio; Mary Harris, electric tooth brush; and Mary Nelson, tape recorder.

Peruvian Prisoners Are Unsentenced

LIMA, Peru (AP) — Seventy-five per cent of the prisoners in Peruvian jails have not been sentenced. President Juan Velasco told newsmen recently.

"What kind of justice is this?" he asked, adding that court changes now under way should speed up justice.
